SOME FIGHTING AROUND MANILA

Lawton Gave Rebels a Bad Drubbing.

MANY WERE KILLED.

Wheaton Has Brush With Insurgents.

General Lawton is Still in Pursuit of the Filipinos at the Head of Bay.

WASHINGTON, April 11 —The following dispatch has been received from General Otis:

"Manila, April 11—Adjutant-General, Washington—Insurgents attacked MacArthur's line of railway communication last night in considerable force, repulsed by Wheaton with heavy loss. Wheaton's casualties three killed, twenty wounded. OTIS."

WASHINGTON, April 11 —The following dispatch gives additional information concerning the fight of Santa Cruz.

"Manila, April 11.—Adjutant-General, Washington: Lawton's success at Santa Cruz more complete than reported yesterday. Enemy left nine-three uniformed dead on field and number seriously wounded. Lawton captured city without destruction of property. His loss ten wounded, slight, except two, one since died. Lieutenant Elling only officer wounded, slight in hand. Enemy retired eastward; Lawton in pursuit this morning. OTIS."

The attack of the insurgents upon the railway north of Manila indicates to war department officials that while General MacArthur was pushing north bodies of insurgents took to the mountains and jungles to the right of the railway, and have been watching an opportunity to capture the road at some point and thus cut off the main body of the army to the northward.

The repulse of the natives shows that they had not sufficient force to accomplish their purpose

A NIGHT ATTACK.

MANILA, April 11 —5.15 p. m.—At about midnight the rebels cut the telegraph line at several places between here and Malolos and signal fires were lighted and rockets sent up along the foothills to the right of the railroad. Later the enemy attacked the outposts of the Minnesota regiment, between Baigaa and Bocave, five miles south of Malolos, killing two men and wounding fourteen.

Simultaneously the outposts of the Oregon regiment at Marielos, the next station on the way to Manila, were attacked with the result that three Americans were killed, and two were wounded. The loss of the enemy was ten men killed and six wounded. The Americans also captured two prisoners.

Troops were concentrated along the railroad as thickly as possible and the rebels were driven back to the foot hills.

The road between the railroad was damaged but it was repaired almost immediately and traffic was resumed through Malolos.

GOING TO GUAM.

Governor Leary About Ready to Embark.

Will Sail in Yosemite With a Company of Marines and Brass Band to Play for Natives.

NEW YORK, April 11.—It is expected that the converted cruiser Yosemite, which is to carry the government of Guam, Capt. Richard P. Leary, U. S. N., and his garrison of marines to the Ladrones, will sail within ten days by way of Suez.

Besides the governor general and official family, the Yosemite will carry a garrison of 125 marines under Major A. C. Kilton. She will also have a brass band of ten men, which is to give concerts in front of the governor' palace. The government will use the two buildings in Agano which the Spanish officials occupied. The palace will be Governor Leary's residence and a building known as the "quadrangle" will house the garrison of marines.

Governor Leary will rule over the few thousand of inhabitants of Guam which is practically the only inhabited island of the Ladrones. Of these, 2,000 are foreign and the others are natives, an admixture of Spanish and Malay blood.

The Yosemite is to remain at Guam for some time. Captain Ide is ordered to make a survey of the island and report as to harbors

The government has allowed Captain Leary $50,000 to maintain his establishment as governor. It is desired to make an impression on the people of Guam of the wealth and strength of the nation under whose flag they are to live.

Captain Leary takes with him on the Yosemite a pretty little steam launch. The Yosemite is loaded down with other stores. In her hold is a distilling plant which will insure pure water to the American garrison on the island. Light summer furniture for the palace and quadrangle is also in her cargo.

SAFE IN PORT.

Steamer Kairos Makes Halifax After a Month's Boating About the Seas.

HALIFAX, N. S., April 11.—The steamer Kairos, which was disabled in mid ocean nearly a month ago, while bound for Great Britain, arrived at this port today without assistance. The Kairos had been in tow of two different steamers, but both were obliged to give up all attempt to get her into port, owing to the boisterous weather that has prevailed.

When last heard from the disabled craft was in tow of the Exeter City, but parted from her last Wednesday during a snow storm, and did not sight her again. The captain of the Kairos had a difficult task working his ship to Halifax.

TRIO OF DIVORCES.

A New Case Filed and Two Applications Granted.

Administrator Appointed by Judge O'Rourke—News Gleaned in the Courts.

In the superior court Melinda Cameron has commenced divorce proceedings against her husband, James Cameron, alleging cruel and inhuman treatment. The couple were married July 4, 1866, and are the parents of six children, only two of whom are minors. The wife alleges that the husband abused and mistreated her, called her names, slapped and choked and otherwise abused her. She wants $1,000 and the custody of James Ross Cameron, a minor.

Judge O'Rourke granted John Leikauf a divorce from Barbara Leikauf.

Wilson Koppenheaver was also granted a divorce from Sarah Koppenheaver.

THE JURIES DRAWN.

Jury Commissioners Stopher and Soest have drawn the panels for the grand jury and the circuit court petit jury for the next term. The result is as follows;

Grand Jury—Allen Crawford, Lafayette township; B. Ort, Maumee; John Rulo, Adams; Rufus Lechner, Springfield; Frank Lavan, Lafayette; Allen Richard, Milan.

Circuit Court Jury—Jacob Simons, Monroe township; Jacob Snider, St. Joe Henry Schulz, Marion, Christian Snider, Lake, John Freiburger, Pleasant; Richard K Irvin, Aboite; Fred Henshen, Washington, Frank Phillips, Aboite, Charles Cook, Washington; George Husted, Maumee; Christ Schaich, Washington; James Pring, Cedar Creek.

COURT NOTES.

In the estate of Casper Neireiter, Judge O'Rourke sustained objections to the report of the administrator and amounts at issue were paid.

Judge Watkins, in the Stone-Weil case, denied the motion for a new trial and the case was appealed to the appellate court.

Aime Chausse sues Joseph Harding for $200. A H. Bittenger is attorney.

Herman Nathan sues Christ Newcomer for $400. The Hannas are attorneys.

The Alcatraz Paving company filed suits yesterday to recover $125 from Veronica Pomeroy, $60 from Sarah E. Fleming and $50 from Fred Bauer. Henry Colerick is attorney for the company.

Louis Steup has filed his oath and bond as executor of the estate of Christian Woebing, deceased.

Judge Dawson granted Catherine Swallow a restraining order against her husband, Joshua Swallow, and the Lake Erie and Western railway. The husband has applied for a divorce, and the order restrains him from drawing and the railway company from paying wages.

Susan Kelly has been appointed administrator of the estate of Christopher Kelly, deceased.

LICENSED TO WED.

Vachiel S. Harding and Alice C. Brooks.

There will be preaching in the Free Methodist church on East Creighton avenue, this evening. Rev. W. S Smith, of Ai, Ohio, will preach. Others on their way home from the conference held at DeSoto, Ind., will be present. All are invited.

THE TROOPS KEEP ORDER

All is Quiet in the Streets of Pana.

AFTER THE RIOTS.

More Men Known to Have Been Shot.

Negroes Now Venture Boldly on the Streets, Since Troops are There.

PANA, Ill, April 11.—Business interrupted by yesterday's rioting, was resumed in Pana and the city, under martial law, was quiet and orderly. For the first time in weeks negroes appeared boldly in the principal streets, taking advantage of the presence of the soldiers. The soldiers were kept busy dispersing small groups and keeping people moving, but met with no resistance.

All of the deputies have been disarmed by the militia and the soldiers control the city. The townspeople are still in great terror of the factions which caused yesterday's bloodshed and women and children are kept closely within doors. Stories as to the cause leading up to the rioting are widely different but it is believed by the authorities that the negro, Stephens, who was almost shot to pieces while resisting arrest was largely responsible for the ugly mood of the negro miners who did most of the early shooting. The Flatham and Springside mine districts are closely guarded today and no further trouble is anticipated by the military authorities.

It was discovered today that six of the non-union miners who fought behind the stockade of the Penwell colliery yesterday were shot during the riot.

They were:

Rufus Finley, colored, shot through the hand

Clint Rowland, colored, shot through the body.

Louis Whitefield, colored, shot in leg.

C. H. Dorsey, colored, shot through leg.

Martin Whitman, white, shot in knee.

These men have been given medical attention and sent home.

Mayor Penwell, who was within the stockade during the shooting, declares that the firing was begun by the deputy sheriffs and that his men did no shooting until compelled to by the deputies' heavy fire.

START FOR SARDINIA.

The King and Queen of Italy Are to Visit the Island.

ROME, April 11.—The king and queen of Italy started for Sardinia today. This will be the first visit of his majesty to the island since he went there as crown prince. The king begged the Sardinians not to go to any useless expense, but the inhabitants are preparing a brilliant reception.

The French fleet is now at Cagliari, capital of the island of Sardinia, and the civil and military authorities of the town have invited the French and Italian crews to fraternize.

Admiral Fournier, commander of the French fleet, has invited the Italian authorities and the Italian admiral to dine on board the French flagship Bronnus, whose band will play through the streets. The municipality will entertain the Frenchmen.

A WARM HONEYMOON.

W. K. Vanderbilt's Country Home, "Idle Hour," Destroyed by Fire.

NEW YORK, April 11.—W. K. Vanderbilt's country house, "Idle Hour," at Oakdale, L. I., was totally destroyed by fire about 4 o'clock today. No lives were lost and no one was injured. W. K. Vanderbilt, jr., and his bride, formerly Miss Virginia Fair, were occupying the house at the time.

The fire is believed to have originated in the cellar, accidentally. It broke out at 3:45 a. m. and in an hour the magnificent structure with all its valuable fittings was totally destroyed. Besides young Mr. and Mrs. Vanderbilt, there were twelve or fifteen servants in the house. All got safely out. Mr. Vanderbilt and his bride came to New York on an early train.

The total loss is estimated at from $250,000 to $300,000. "Idle Hour," which was one of the handsomest country houses on the south side of Long Island, was built for William K. Vanderbilt about eight years ago. It was of Queen Anne architecture, two stories high, and was constructed of brick, stone and terra cotta.

WERE TO MEET

A Representative of the General Electric Company.

Some Action Will be Taken Tomorrow in the Affairs of the Fort Wayne Corporation.

Something important in the affairs of the Fort Wayne Electric corporation is certain to happen within the next twenty-four hours. The sale of the work is set for one week from today, Tuesday, April 18th, and if the works are to remain in Fort Wayne some action must be taken soon. Charles E. Dutton, an expert electrician from New York, arrived in the city Sunday and has been making an examination of the Fort Wayne plant for the General Electric company.

He is to determine its value and report to a high official of the company, who will be here probably tomorrow.

This official was to have been in the city today and meet H. C. Paul and others who are interested in the concern remaining here, but the meeting was postponed on account of the man's non arrival. Mr. Paul, too, is very busy and was unable to attend a conference, but it is expected that at a meeting to be held tomorrow something definite will be decided upon.

Mr. Paul was not inclined to enter into details when questioned by THE SENTINEL, and would admit only that he would tomorrow meet the representative of the General Electric corporation.

IS NOTHING IN IT.

Administration Not Interested in Silver.

Will Not Take the Initiative in Another Effort for an International Monetary Conference.

NEW YORK, April 11.—A dispatch from Washington says

So far as the report of the British-Indian currency commission tends to show that there has been serious consideration by the American cabinet of the question of another international monetary conference or of the ratio for the coinage of gold and silver, it is misleading.

There is the highest authority for the statement that there has been no serious consideration of the question by the cabinet since the failure of the last monetary conference and that it is highly improbable that the United States, under the present administration, will take any initiative for the calling of another. It can be said on the same authority, however, that the United States will accept any invitation that may be issued by any other nation for such a conference, and that the present administration will be inclined to go as far in increasing the use of silver as other leading commercial nations. The enormous increase in the production of gold within the last few years and the prospects that the annual output of the mines in the world will increase for many years have served to convince many who formerly advocated remonetization of silver by an international agreement that such a step is unnecessary.

George E Roberts, director of the mint, whose official position gives much significance to what he says, says that he was formerly an advocate of an international agreement but that in view of the great change in the situation due to increased gold production, he had not believed that such an agreement was now possible because there was no longer necessity for it, and it would be impossible to interest people in it.

PROGRESS OF QUAY TRIAL

State Hastens Taking of Testimony.

THE BANK'S BOOKS.

Important Matters are Brought Out.

Papers That Were Turned Over to John Wanamaker for Political Purposes.

PHILADELPHIA, April 11.—The trial of ex United States Senator Quay on charges of conspiracy, began in earnest today when one witness after another was called by the commonwealth to tell what each knew about the case. The jurors looked as though they had rested well, notwithstanding the fact that they had been locked in the jury room all night David T. Watson, of Pittsburg, was the first of Mr. Quay's counsel to arrive. Five minutes before court opened the ex senator and his son, Richard, came in unaccompanied.

Mr. Quay was smiling and his features bore a hopeful expression as he responded to the greetings of a few political and personal friends in the court room.

Once seated, his face resumed the calm repose so characteristic of the man. He sat quietly through the entire session and as far as outward expression of countenance indicated, he was the most unconcerned person in the room.

Nearly half an hour was spent in the arrangement of papers and in consultations among counsel before the business of the day began.

Thomas W. Barlow, the receiver of the bank, who was on the stand at adjournment yesterday and identified the books and papers found in the bank upon assuming his duties, was cross examined by Mr. Shapley, of counsel for Mr. Quay.

Mr. Shapley had not proceeded far with the cross-examination before his line of questions apparently indicated his purpose to prove that the whole fabric of the charges against Mr. Quay were the result of a conspiracy. After bringing out the fact that Mr. Barlow was assistant to former District Attorney Graham during the time he acted as receiver and was busied with his duties, the witness was told to tell all the circumstances of his removal of certain letters, papers and books from the private desk of Cashier Hopkins. Among these books is the one known as the "red book," which the prosecution alleges shows that Hopkins computed interest on state funds which he deposited to Mr. Quay's credit. The papers also included the Quay letters, among them "the plum tree" document.

Mr. Barlow in reply said. "On March 29th a person in Harrisburg, whom I did not then and do not now know, spoke to me in this city over the long distance telephone. He said: 'I want to say to you an attempt will be made tonight to take certain documents out of Hopkins' desk, so they had better be taken by you.'

"As a result of this I went to the bank accompanied by a policeman, broke open the desk and took them out."

The witness said he notified Judge Gordon, then one of the common pleas judges, of his intention, the latter being private and confidential advisor to James McManes, president of the bank. For about three hours that night he left the documents in the possession of Judge Gordon in a trust company's office. Afterward these papers were virtually in Judge Gordon's custody until early in September.

Further on, Mr Barlow explained that Mr. McManes had agreed to pay the debt of the bank and as Judge Gordon was his friend he considered it perfectly proper that the judge should know of the contents of the books and papers.

Mr. Barlow denied knowledge of the photographing of the Quay letters for the use of his political opponents. He said he did not know that they had been taken to a hotel by Judge Gordon and shown to David Martin, or that Judge Gordon and John Wanamaker had taken them to New York and shown them to Democratic National Committeeman James M. Guffey, in an effort to make Judge Gordon the democratic candidate for governor of Pennsylvania last year.

Mr. Barlow denied knowing that before he received the annonymous telephone message from Harrisburg, Judge Gordon had opened the private desk and examined the books and papers. He thought, however, that State Banking Commissioner Gilkeson, of Harrisburg, who was in possession of the documents, had seen them prior to their coming into his (Barlow's) possession. He stated that early in September last he showed them to Attorney General McCormick in Harrisburg. Mr. Shapley asked witness if the attorney general had not told him that there was nothing in them on which to base a civil or criminal action. The question was objected to by the district attorney, and the objection was sustained.

BABY OERTEL'S DEATH

Was Caused by Spasms Due to Poisonous Acids in the Stomach.

Dr. L. P Drayer has completed his analysis of the stomach of the little son of Herman Oertel, which was found dead in bed at the home, 91 John street, last Wednesday morning, and has made his report to Coroner W. W. Barnett. It is found that poisonous vinegar acid was generated in the stomach by the chemical action of the food therein contained, and that death was due to spasms which were the result of the action of the poisonous acids.

POLICE NEWS.

A Quintette of Boys Charged With Stealing Brass.

Detective Daseler Made the Arrests—A Quintette of Drunks See the Acting Mayor.

Detective Daseler this morning arrested four lads, ranging in age from eleven to fifteen years, on a charge of stealing brass from an engine of the Western Gas Construction company. The brass was stolen some time ago and the detective finally learned that it had been sold to Junk Dealer Miller, of Superior street, and from the dealer's description of the lads who sold it to him Detective Daseler soon located the boys. They are Calvin Tullis, Gouldie Tullis, Arthur Richards and a boy named Ayres. The boys admit their guilt and are now confined in the city prison, awaiting the pleasure of the authorities. Their parents are all most respectable people.

CONFRONTED BY DRUNKS.

Acting Mayor Huser was confronted in police court this morning by five drunks, William Coughlin, arrested by Officer Collins; Edward Weneke and Ervin France arrested by Officer Collins and Merchant Policeman Ryan; John Dow and Ernest Brown by Officer Elliott. They were fined and costed $10.50 each. All went to jail, but Dow, who settled

GONE TO NEWARK.

Detective Daseler and Officer Dickson went to Newark, Ohio, at noon today, where they will tomorrow testify against the Fort Wayne colored men, Brown and Gardner, arrested for robbing a hotel. Gardner was arrested by Daseler and Dickson. Bob will call on the ball players in Mansfield while he is awaiting the arrival of the Balimore and Ohio train to convey him to Newark.

A BRISK BLAZE.

Fire on South Webster Street at Noon Today.

Two Barns and a Residence Destroyed—Stiff Breeze Makes Fire Hard to Control.

A lively fire occurred on South Webster street just before noon today, burning two small barns and badly damaging the residence at 281 Webster street. The two barns stood close together in the rear of Nos. 52 and 54 Williams street and were owned by Lieutenant of Police Henry Lapp. The fire started in these barns, but its origin is a mystery. A stiff breeze from the south drove the flames across the alley, and the fire was communicated to the two-story residence at 281 Webster street, owned by Alex. McKinley, but occupied by Charles Lapp, a son of the lieutenant. The alarm reached the fire department by telephone, and companies 2, 3 and 5 responded. The barns were a total loss, and it required the liveliest sort of work to save the residence from entire destruction. As it is, it appears almost worthless, yet insurance men who were present say the building can be repaired at a cost of $500 or $600. The residence is insured in the Lumbard agency. Charles Lapp's loss on household goods will probably reach $250, and Lieutenant Lapp places his loss on the barns at $200.

The ladies' auxilliary of the B. of R. T. will entertain at tea tomorrow afternoon from 3 to 9, at the home of Mrs. J. Wells, 26 Hough street. All members are expected to be present, and a general invitation is extended to all.

FORMAL END OF THE WAR

Complete Peace Has Been Restored.

LAST STEP TAKEN.

Ratifications of Treaty Exchanged.

The French Ambassador Acts for Spain--Ceremony at the White House.

WASHINGTON, April 11.—The complete restoration of peace between the United States and Spain was effected today, first through the exchange of ratifications of the treaty of peace, to be followed by the issuance of a proclamation by the president announcing to the world that peace has been restored. The ceremony of exchanging ratifications occurred at the executive mansion at 3 o'clock when the president handed to M. Cambon, the French ambassador, the American copy of the treaty and the ambassador in turn gave to the president the Spanish copy of the treaty, properly attested by the queen regent and premier of Spain.

PEACE PROCLAIMED.

After the ceremony connected with the exchange of the ratifications of the peace treaty, President McKinley issued the following proclamation:

"Whereas, a treaty of peace between the United States of America and her majesty, the queen regent of Spain, in the name of her August son, Don Alfonso XIII, was concluded and signed by their respective plenipotentiaries at Paris on the tenth day of December 1898, the original of which convention being in the English and Spanish languages is word for word as follows:

(Here full text of treaty is included.)

"And whereas, the said convention has been duly ratified on both parts, and the ratifications of the two governments were changed in the city of Washington, on the 11th day of April, one thousand eighteen hundred and ninety-nine;

Now therefore, be it known that I, William McKinley, president of the United States of America have caused the said convention to be made public to the end that the same and every article and clause thereof may be observed and fulfilled with good faith by the United States and the citizens thereof.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this eleventh day of April, in the year of our Lord, one thousand eight hundred and ninety-nine, and of the independence of the United States the one hundred and twenty-third

DREYFUS NOT GUILTY.

Such Is the Positive Declaration Made by the Italian Ambassador.

PARIS, April 11.—The Eclair this morning publishes the deposition of Senator Traieux, made before the court of cassation in the Dreyfus revision proceedings, in the course of which M. Traieux said that Count Tornielli-Brusati Di Vergane, the Italian ambassador to France, told him when the Matin printed a fac simile of the bordereau that it was a flash light reproduction, that the documents mentioned had been given to the German attache by a person other than Dreyfus, and that the handwriting of the bordereau was that of the officer who gave the documents to the attache.

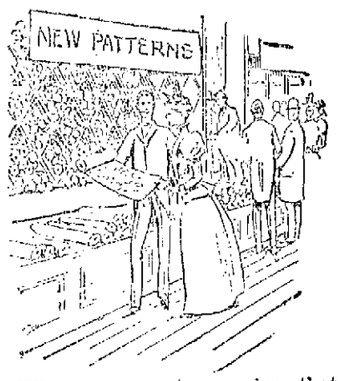

Comparison, he said, would be easy, as the attache possessed voluminous correspondence of that officer.

Count Tornielli further told him that an attache of the Italian embassy showed him (the ambassador) a letter from the German attache stating this and asserting that he did not knew Dreyfus, and attributing to Count Esterhazy the act for which the court martial had wrongly found Dreyfus guilty.

C. T. Melsheimer, of Elnora, Ind., arrived in the city today to attend the funeral of his sister, Mrs. E. A. K. Hackett.

CITIZENS TALK OF GAS SUPPLY

Mass Meeting in the Council Chamber.

SUPPLY MUCH LESS

Than in the Years That Have Passed.

President Paul Will Cancel All New Contracts--Committee Chosen to Act.

The people are interested in the outcome of the investigation now being made by the city council into the natural gas prospects of the future and this interest was manifested last evening by a big attendance of citizens at the public meeting held in the council chamber. The meeting was under the auspices of the council committee of the whole and Councilman Hench was chairman and Councilman Lennart secretary. Of the councilmen Messrs. McMahon and O'Ryan were the only absentees. As soon as the chairman called the meeting to order, Mr. Moynihan, of the Journal, made a motion that a committee of councilmen and citizens be appointed to visit the officers of the gas company and negotiate with them for a rebate to those consumers who had not had sufficient gas for their stoves during the extremely cold days of the winter and further to learn from those officers the exact meaning of the new contract which had been submitted to consumers for signature.

Messrs. Paul and Bash, representatives of the gas company, were present and as soon as the motion was made Mr. Paul took took the floor and proceeded to explain the position of the company. He was surprised to meet so many citizens with the council and believed the proper place to have discussed these matters was in a private conference between the councilmen and the officers of the gas company. He asserted that there had been much misrepresentation of the gas company's affairs in the newspapers and that the people were unduly aroused. Councilman Hosey and Mr. Moynihan asked questions of Mr. Paul, some of which he answered explicitly enough, but others he could not or would not answer. Eli Wahrenberg said that the fact that the company had submitted a new contract to its consumers had aroused a suspicion in their minds and this had more to do with the agitation than the newspapers. He did not understand what this contract meant and believed that many persons who had been asked to sign it were as ignorant of its purposes as he. Mr. Paul in reply, said that he believed the contract was of as much benefit to the consumer as to the company, but that he was willing on behalf of the company to cancel every new contract that had been signed. There was no compulsion about the signing of these contracts and any clerk who had refused to accept gas payments unless the contract was signed exceeded his authority. One workingman rose and stated that the company refused to accept his money unless he signed the contract and he had not signed it and still owed the month's bill.

Messrs. Paul and Bash were positive in their statements that there was a scarcity of gas and Mr. Paul asserted that never again would his company go through such another winter. The contract with the city expired at the end of this year and he did not at present know what course might be pursued. Mr. Bash called attention to the fact that the city had authority to buy the plant now, but he did not advise the purchase, in fact, Mr. Bash expressed his doubts as to the advisability of making the purchase. He believed that there should be some protection to all consumers, the poor and the rich, and intimated that the course for the council to pursue might be to make an agreement with the gas company to furnish each consumer with gas enough to successfully operate one stove only. He was intimate with the gas fields, and asserted that if the council committee would visit the wells they would learn much in regard to the supply. He was free to admit when questioned that with an expenditure of $170,000 there might have been an adequate supply last winter, but the company could not afford to incur this expense.

During the discussion it developed that the Fort Wayne company was paying interest on $2,000,000 worth of bonds at 6 per cent. and on $2,000,000 worth of stock at 7 per cent., an annual interest fund of $260,000. Mr. Moynihan had charged that City Attorney Shambaugh said the income of the company was $840,000 a year. Mr. Paul denied this and called on Mr. Shambaugh, who said that he had information which he considered reliable, that the company's income was $800,000 a year.

Mr. Paul made a long statement to the council in which he said there were two sides to the question and he was interested in both sides, on the one as representative of the New York capitalists who had invested in a very hazardous risk and on the other as a citizen of Fort Wayne and no person in the hall or in the city would do more for the people than he would, but at the same time he was bound to protect the financial interests of the men represented. He asserted that he was the largest employer of labor in Fort Wayne, that he had assisted in the establishment of several manufacturing institutions, and even now had just returned from New York, where he had been negotiating with capitalists for $400,000 with which to keep two of the industries of Fort Wayne in operation. He had accumulated a competency, it is true, but it had been honestly gained Hundreds of consumers had already received from him some rebate, and he asked only that inquiry be made by citizens among their neighbors and they would know the truth. He did not care to talk of his frailties or his charities, but he did believe that he was as much interested in the welfare of Fort Wayne and its citizens as any resident of the city. There was a way probably in which the gas question could be settled and he, even though acting for New York capitalists, was willing to talk for the public interests, provided only that there was fair treatment and no misrepresentation. If there was he would be found on the other side.

Frank Alderman believed there was more danger in what Messrs. Paul and Bash had said during the meeting than in all the columns that had been or might be printed in the papers. They had intimated that some residents would not get gas. This probably meant that persons residing in the suburbs were to be the sufferers. There was danger in this statement, and he hoped that the councilmen, whom he did not attempt to advise, should act intelligently, and the question might be satisfactorily solved. The company had rights, it was true, but their representatives should not beg the question and say that money was being lost, for there was doubt that instead hundreds of thousands had been earned.

Allan H. Dougall, James Conroy, Mr. Tibbles and other citizens made short explanations, but none of them were in a position to offer any advice.

Councilman Hosey asked those in the audience who were not satisfied with the supply of gas they had received to rise to their feet. So many stood up that they were not counted. On the other proposition that all who had received as much gas as they paid for hold up their hands six hands went into the air.

At this point Councilman Scheid made the statement that he had plenty of gas during the cold spell and did not know of one of his neighbors who had complained of the supply. Mr. Scheid was a member of the council when the contract with the gas company was made and he was asked if at that time any suggestion was made that a clause be inserted that if there was a shortage the company should allow a rebate. Mr. Scheid said that at the time no person thought of a shortage or that the present conditions might arise.

After two hours discussion Mr. Moynihan's motion for the appointment of a committee was put and carried unanimously and Chairman Hench selected the following committee: Councilmen Bauer, Lennart, Haag and Ehrman, Citizens Allan H. Dougall, T. B. Empie, C. P. Swain, John B. Monning and F. E. Purcell. These gentlemen will call on the company and attempt to make some arrangement for a rebate.

The ball has started rolling now, but it will not be settled in a hurry. Councilmen Hench said last evening that the council might consider the matter for months, but that some decision must be reached by August so that the company could prepare to place additional machinery, if a satisfactory contract was agreed upon. If not, the people would know before winter whether they must prepare for the use of coal and wood.

Mr. Bash made a motion that the committee be authorized to visit the gas fields and there learn the exact status of the supply. This motion was defeated, but it is possible the council itself may make a personal investigation of these fields before a new contract with the gas company is entered into.

There was a strong sentiment in the meeting in favor of municipal ownership of public utilities and the principle when mentioned was always applauded to the echo. There was not, however, much sentiment in favor of the city owning the gas supply under present conditions, although Mr. Bash and others were free to acknowledge that it would have been a great investment for Fort Wayne ten years ago.

THE DEATHS.

George Beach, an old resident of this city, died at 6 o'clock this morning, at his home, 15 Clark street, from the infirmities of old age. Mr. Beach was a native of Switzerland and his age of eighty-eight years, three months and two days. He came to Fort Wayne in 1853 and assisted in building the Wabash railroad. Later he conducted a dairy, but in recent years has been living a retired life. His wife died seven years ago. A son and a daughter survive him. They are Fred Beach, of the City mills, and Mrs. Conrad Nill. The funeral services will occur on Friday from Salem Reformed church.

LINSEY.

Wesley Linsey died last night at the St. Joseph hospital. Linsey was about fifty years of age and has been making his home at the county poor farm. Recently he left that institution, and in sleeping out of doors in Perry township one night froze his feet. Bloodpoisoning developed and the man was removed to the hospital. One foot was amputated a few days ago in the hope of saving his life, but he could not survive. The remains were removed to the undertaking parlors of Schone & Vieth.

KLEINRICHERT.

Miss Frances Kleinrichert, daughter of Lawrence Kleinrichert, died at 2 o'clock this morning at St. Joseph hospital from a complication of diseases. Miss Kleinrichert was twenty-four years of age and resided at New Haven, where the funeral services will occur. She had been at the hospital receiving treatment. A brother and three sisters reside in the city—Joseph Kleinrichert, of Maumee avenue; Mrs. Barney Wright, of Ohio street; Mrs. John Denzel and Mrs. H. W. Kanning, of East Wayne street. A number of other relatives reside at New Haven.

HACKETT.

The funeral services of Mrs. E. A. K. Hackett will take place Wednesday afternoon at 2 o'clock at the house, No. 207 West Berry street, and will be public, Dr. D. W. Moffat, officiating. The burial will take place at a later hour and will be private.

SORGEN.

Frederick Sorgen, a prominent farmer of Monroe township, died Saturday evening at his home on the Ridge road at the age of forty-three years. The funeral services were held this morning.

AUMANN.

Irma, the little daughter of Mr. and Mrs. William H. Aumann, died at noon today at the home, 123 John street, after an illness of more than a week. Her age was five years.

SIELING.

The funeral services of Miss Louise Sieling well be held on Wednesday at 1 o'clock from the residence of S. B. Sieling on Wayne trace, and at 2 from St. John's Lutheran church, instead of on Thursday, as at first announced.

MUNICIPAL AFFAIRS.

Remonstrance Against the Madison Street Pavement.

The New Pumping House Will Soon be Occupied--Petition for Repairs on Berry Street.

This morning a remonstrance was filed with the board of works against the paving of Madison street from Barr to Division. The paper is signed by Prof. J. H. Ungemach and twenty-seven others. The members of the board say that this is not enough to defeat the improvement, and it will probably be made.

PETITION DEFERRED.

Manager Perry will not present to the board of public works tonight his petition asking for a franchise for the American District Telegraph company for the reason that City Attorney Shambaugh desires time to confer with city authorities of Indianapolis, Terre Haute and other cities as to the system under which the company is operating. Mr. Perry further says the company is formed to do precisely the same business done by the company owned by local capitalists. Heretofore Western Union messengers have devoted much of their time to carrying notes, packages, etc, to the detriment of the delivery of the telegraph messages for which they were paid a sufficient salary. Hereafter additional boys will be employed and the carrying of notes and packages will not interfere with the delivery of messages. The service has already been increased to cover all night and all day Sunday.

NEW PUMPING STATION.

Secretary McDonald, of the waterworks board, this morning informed THE SENTINEL that the foundation for the new pumping station in the west end had been completed and within a few days the big 3,000,000 gallon engine will be removed to the station and placed in position. The city will then be well protected against a scarcity of water the coming summer.

WANT STREET REPAIRED.

A petition is circulating on West Berry street which will be presented to the board of works. The petition calls attention to the numerous cracks in the asphalt on the street and asks the board of works to proceed immediately and have same repaired before the damage grows greater. The guaranty of the Barber company expired after five years and the city will be compelled to bear the expense of the repairs.

A New Alloy.

The international bureau of weights and measures, which is supported at Paris by a number of the leading governments of the world, for the purpose of constructing and testing the standards of weight and mass, reports that a bar composed of 36 per cent of nickel and 64 per cent of steel was expanded by heat only 1-50 of the amount to be expected from the separate metals. Such an alloy will prove most valuable for astronomical clocks, as it will practically eliminate questions of temperature in their adjustment.

Pyramid Builders.

The laborers who built the pyramids did not work under such disadvantages as have long been attributed to them. Recent research shows that they had solid and tubular drills and lathe tools. The drills were set with jewels, and cut into the rock with keenness and accuracy.

Family Extraordinary.

In the Harleian manuscript, Nos. 78 and 980, in the library of the British museum, mention is made of the most extraordinary family that has ever been known in the world's history. The parties were a Scotch weaver and his wife (not wives), who were the father and mother of 62 children. The majority of the offspring of this prolific pair were boys.

The President's Salary.

The salary of the president was fixed at $25,000 a year, and remained at this figure until congress doubled this sum for Gen. Grant as a special reward, he having resigned a life position in the army to accept the presidency.

IS IT CURABLE?

A Question Often Asked by Those Afflicted With Piles.

Is a strained joint curable? Is local inflammation curable? Of course, if properly treated. So are piles.

People become afflicted with piles and ask some old "chronic" who has always persisted in the wrong treatment and naturally discourages them by telling that their case is hopeless.

They in turn discourage others and thus a disease that might in every case be cured by careful and skillful handling is allowed to sap the energy of thousands who might free themselves of the trouble in a few days.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the aching or itching at once.

Thousands who have resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure—in a number of instances persons who have spent months in a hospital under a pile specialist.

It is a remedy that none need fear to apply even to the worst aggravated, swollen, and inflamed hemorrhoidal tumors

If you are afflicted with this stub born disease you can master it and master it quickly.

This remedy is no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Drug Co, Marshall, Mich.

Druggists sell it at 50 cents per box. It is fast becoming the most popular pile cure the country has ever known and druggists everywhere are ordering it for their customers.

Masonic Temple—Attractions for the week:

Boston Lyric company each evening during the week in repertoire.

IT IS SAID that it was not the first intention of the president to have the army and navy represented in the commission appointed to attend the Czar's peace conference, but an afterthought. Yet it is really most important. There is no reason to look for any practical result from the conference than an agreement as to the inventions for the destruction of life in war that shall be used. It is necessary that experts in ordnance and armament should be present with authority to speak.

THE so-called secret dossier, on the supposed testimony of which most Frenchmen believe in the guilt of Dreyfus, does not convict that unhappy man. The only document that supported the charge against him was the one forged by the suicide Henry. Yet the prospect of his release does not seem bright.

THE Max Nordau party—a new organization among the Jews—has for its object the purchase of Palestine and the formation of a distinct Jewish state. There are far richer lands than the Holy Land, but sentiment chooses the home of the ancestors of the Jews. The original idea of the Zionists was simply to colonize sections of Palestine and not the purchase of the whole.

TWO MEN, both of whom ought to be competent observers, have just returned from Porto Rico with vastly different accounts of the conditions there. General Roy Stone, the expert road authority of the department of agriculture, declares that many people in Porto Rico are starving and discontented; that industry is profitless, and that great plantations—especially those devoted to the production of coffee—are being abandoned and left to weeds and wild growth. On the other hand, Father Sherman, the son of General W. T. Sherman, who was the only Catholic chaplain in the army of Porto Rico, says the island is the most beautiful country in the world; that the people have been inspired with a confidence by the American occupation of the island, and he advises young men with small capital to go there and buy a coffee plantation. He declares that he would like to spend the remainder of his life in Porto Rico. It is difficult to understand how two such distinctly different opinions could be formed by two intelligent men. They are so widely at variance that the reader finds himself quite unable to form a judgment for himself regarding the actual status of affairs in Porto Rico. Similar contradictions often come from Cuba and from the Philippines, and they make it difficult to evade the conclusion that a good many men do not possess the proper sort of discrimination to make their views of value to the public and, therefore, they would better keep them to themselves.

THE DANGER FROM TRUSTS.

Mr. Thurber, who is at the head of a trust, has begun missionary work to convince the people that trusts are a good thing because they cheapen production and lower prices and also lead to the employment of more people. That they lower the cost of production is certain; that they increase the number of men employed is doubtful—indeed, the statement can be disproved. It is true that the price of oil is less than it was before the Standard Oil company completed its monopoly. How far that is due to the trust is a question. But here is the point: The trust is in the control of a few men, and when they have crushed out all opposition, it is in their power to increase prices. They can afford to lower them and still make larger profits than were earned under the old system of competition. They can afford to pay higher wages. Will they continue lower prices and will they pay high wages? Why should they? Because they have a conscience? Now, it is the invariable rule of business that when for any reason there is an increased demand for anything, the price is raised. The sellers charge more because they can get it. What reason have we to suppose that trusts will be more unselfish or will give to labor more than it can exact in the absence of competition?

The fact that a few men have it in their power to make more millions by raising the price of an article is the danger. It is too much power for a few men to have. We have no assurance they will not use it. They do not organize trusts for benevolent purposes, but to make money. They do not pledge themselves to limit their profits to a certain per cent. With their concentrated wealth, the profits that would belong to many under the system of competition, they are able to buy the best brains in the legal profession. The head of a Chicago trust has bought a leading newspaper. They are able to corrupt legislators, inspectors, in some instances the prosecuting officers of the state, and the very courts. They are able to buy seats in the United States senate for themselves or their representatives. They can dominate the action of political conventions and so control much of the government. All we have between the people and enslavement by the trusts is the moral sense of the few men who control them. It is not enough.

ARE WELL PLEASED.

Ministers Return from Annual Conference.

One of the Great Meetings in the History of the Indiana Methodist Church.

The M. E. ministers of the Fort Wayne churches have returned from the annual session of the North Indiana conference which concluded its labors at Decatur yesterday. It was one of the most interesting and beneficial sessions the conference has ever held. Fort Wayne ministers were pleased to be returned to this city and their congregations are no less so.

The following are the conference appointments in the Fort Wayne district outside Fort Wayne:

Angola, F. M. Kemper.
Auburn, T. M. Guild.
Avilla, J. C. Cain.
Bluffton, S. Light.
Bobo, N. P. Barton.
Ceylon, Bryant Howe.
Churubusco, Charles Tinkham.
Coesse, D. I. Howe.
Decatur, W. H. Daniel.
Fremont, J. A. Sprague.
Garrett, J. M. Haines.
Geneva, J. J. Fred.
Harlan, L. C. Zimmerman.
Hoagland, Ralph C. Jones.
Huntertown, W. E. Murray.
Huntington, L. A. Beeks.
Leo, J. F. Chenoweth.
Markle, C. A. Rowand.
Monroeville, O. S. Harrison.
New Haven, George Cooking.
Ossian, C. M. Hollopeter.
Ponoto, E. J. Major.
Roanoke, S. C. Norris.
Spencerville, E. H. Peters.
Uniondale, E. M. Foster.
Wolf Lake, —— ——.
Woodburn, E. A. Bunner.
York, H. G. Porter.

Rev. John A. Sprague, who goes to Fremont, has for some time been the assistant pastor at the Wayne street M. E. church. He is an earnest and talented young minister, whose future both in distinction and in the beneficence of his labors is very bright. Many friends will regret exceedingly to see Rev. Sprague and his most estimable young wife leave the city.

SOLD LIKE HOT CAKES

A Remarkable Day's Business at a Fort Wayne Bicycle Store.

The Public Have Learned the Location of Good Bicycles--A Record Breaker in Wheel Selling.

Five bicycles sold by one man after the supper hour, is certainly an enviable record and such is the record recorded at the Koehlinger agency on Columbia street last evening. This firm has one of the finest lines of bicycles shown in Fort Wayne, and taking into consideration the extremely low prices at which these high grade wheels are sold, makes buying and selling easy.

If you want to see a bicycle that is a picture, go see the stately Featherstone. It is the ideal of mechanical genius, built by men who have reputations for superior knowledge in bicycle manufacture. With all their good qualities they are as handsome as they are good. No other wheel has the improved crank hanger which can be removed and readjusted in thirty seconds. The frame is one of the most perfect models ever designed and attracts attention of the bicycle world. The celebrated Barnes White Flyer and popular Imperial are also leaders, and receive equal attention from the throng of visitors. The Imperial is noted and has long gained the reputation for high enamel finish. To look through the grand line of high grade bicycles means to buy. The list numbers a dozen or more, and you can find among the long row a handsome looking machine, '99 model, first-class in every way, for $21.50. It's a machine sold by many for $35 00. Koehlinger Bros. propose to dispose of 600 bicycles during the season, and to accomplish this they have made prices and terms that must interest prospective buyers. If you find it impossible to suit your fancy elsewhere, go and see these gentlemen; you'll be more than pleased with their line of bicycles and astonished at the terms. Good, high-grade bicycles at the same price other dealers get for cheap ones is their motto. Open evenings, 31 E Columbia street. You will find the name, Koehlinger Bros, over the door, and bicycles inside.

Commencing Monday, April 3d, the Edmund Electric Construction Co., will have their office open evenings from 7 to 8:30 p. m. Room 4, Schmitz block. Phone 262. 29-12t

BASE BALL.

News of the Diamond Gathered in a Day.

The Inter-State Gossip and the Happenings in the Bigger Leagues--Notes of Interest.

Toledo played the first game of the season Monday with Ann Arbor and was beaten 6 to 1. Bishop and Welts twirled for the Mud Hens.

Babb had two errors and a sacrifice hit in the game Monday, but the way he handled himself was a revelation to the Indianapolitans.

Secretary Hubbard telegraphed Manager Glasscock to report in Fort Wayne immediately and he is expected this evening or early tomorrow.

George Reiman pitched for the All-Kentuckians against the Cincinnatis yesterday and was batted hard by the Reds, who were winners by a score of 21 to 2.

Herr has not been heard from for several weeks and his contract is still with him in St. Louis. The big blonde will not be furnished a ticket until he signs.

Belden and Brothers have been practicing during the day and both are showing up strong. Belden covers more ground than ever and Brothers handles himself like a high-class ball player.

Billy Wayne has received an offer from New Castle. Wayne is a first-class twirler and, although released by Torreyson, there is no question that he is 20 per cent. better than any pitcher Torreyson now has on his staff.

Al Fisher must have the "blues" these days. The Western association is tottering and it may be decided today to give up the ghost. Peoria has quit and this leaves only six clubs counting Rock Island and the manager of the latter club doesn't love the six club proposition.

The Indianapolis papers all speak highly of Charley Babb for his work in the first exhibition game with Indianapolis. The News says: "Babb plays well inside the base lines and snaps the ball across the diamond a good deal as Billy Grey used to do. Manager Allen thinks he will prove a good running mate this season."

Secretary Hubbard yesterday morning sent a ticket to Steve Brodie, and he will be in the city within a day or two. He may come with Glasscock. The grounds will be fit to practice on by next Saturday, and by that time enough players may be here to play a game, which may be arranged with the Shamrocks.

Ira Beldon, one of last season's outfielders, arrived in Fort Wayne last evening from Cleveland, where he has been spending the winter. Beldon says that he is in good condition this spring, and will play fast ball from the beginning. He was a fast fielder and the best thrower in the Inter-State last season, but his batting was weak. Naturally Belden is a hard hitter, and if his "lamps" don't fail him this year he will rank among the leading batters.

Miss Engstrom, of Columbia City, is the guest of Fort Wayne friends.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong; I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and $1.00. Trial bottles free at Dreier & Bros. drug store; every bottle guaranteed.

BOYS' SPRING WEAR

Judge the clothing we show this season by the best you ever saw—judge it by the best you will find. We want critics for customers. Look at the tailoring—it's as well done as if the suits were for men. Look at the bits of daintiness—silk embroidery, braiding and what not. Your own careful fingers would do it no better. We are as proud of this Boys' Clothing as the boys are who get into it.

NEW SUITS

$2.00, $2.50,
$3.00, $4.00,
$5.00, $7.00

In plain Double-Breasted Reefer Suits, 4 to 8 years; Blouse Suits, 5 to 11 years, and popular Vestee Suits, sizes 3 to 8; all new materials and colorings.

You are always welcome here.

THEY WANT TO TELL

These Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

Mrs. LIZZIE BEVERLY, 258 Merrimac St., Lowell, Mass., writes:

"It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women."

Mrs. AMOS TROMBLEAY, Ellenburgh Ctr., N. Y., writes:

"I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

A RATE WAR THREATENED

Michigan Central Gives Low Rates East.

PACIFIC TERMINAL.

Vanderbilt Interests Secure Western Outlet.

Freight Wreck on the Pittsburg --Brotherhood of Railway Trainmen.

On April 8 the Michigan Central tendered to its connection west of Chicago the lowest fare named by any Chicago line to New York, which wipes out the differential charged by the Erie, the Nickel Plate, the Panhandle, the Wabash and the Baltimore and Ohio, and it is feared this will lead to a general demoralization of passenger rates east bound, not only from Chicago, but St. Louis and other western points. One of the passenger officials of the Michigan Central says: "If the weak lines had shown a disposition to honestly live up to the terms of the agreement, the strong lines would have been slow in attacking differential principle, as it is apparent even to the layman that the direct lines would practically monopolize the business in the absence of special inducements to patronize the longer routes. It was with a view to making an equitable division of the traffic, abolishing the practice of stocking up ticket brokers and doing away with the system of commissions that the agreement was made, and if its provisions had been rigidly enforced, the strong lines would have hesitated a long time before taking action looking to the enforcement of the common fare plan."

Railroad Trainmen.

T. P. O'Shea, baggagemaster on the Cleveland and Cincinnati division of the Big Four, is one of the board of grand trustees of the Brotherhood of Railroad Trainmen, and has been in Peoria assisting in checking up the Grand Lodge office. He reports the order in the best condition it has ever been, with a membership of 35,000 and nearly $300,000 in its treasury. The order has paid nearly $5,000,000 in beneficiary claims to its members and their families since its organization. The first convention was held in Oneonta, N. Y., with an attendance of thirty-five officers and delegates. At the convention to be held in New Orleans in May, 1899, there will be over 600 delegates and the grand officers.

Vanderbilt's Pacific Terminal.

SAN FRANCISCO, April 11.—The Call says: "The Vanderbilts have secured into this city a western terminal to their lately bought transcontinental railway system. By a deal consummated in New York on the 5th of the present month they secured of Berhend Jost and his associates the rights of way and the franchises of the West Shore railway from San Francisco to Santa Cruz, via Colma and Pescador, and for some weeks past they have had practical control of the Monterey-Fresno line, from Monterey to Fresno, through the coast range via Walker Pass. From Fresno a connection with the road they are building from Salt Lake to Los Anglos is simply a matter of laying ties and tracks. Between the terminus of the West Shore and Santa Cruz and the Monterey-Fresno line, there is a gap of forty-four miles extending around Monterey Bay which is covered by neither franchise nor right of way and the agent for the Vanderbilt's in this city, General Hart, anticipates no trouble in acquiring one of them. The contract with the West Shore people was signed in this city for the West Shore railroad company on March 25, by R. S. Thornton, the president, and by R. J. Willats, the secretary. Then it was forwarded to New York and signed by Freeman and James, agents for the Vanderbilts, on the 5th inst. General Hart, who holds the contract, cannot speak for a certainty, but says he is authoritatively informed that active work will be begun within the next sixty days."

Wreck at Colehour.

While a freight train on the Pennsylvania road was being switched from one main track to another at Clark's junction, near Colehour, at an early hour this morning, the rails spread, derailing the train and wrecking six empty cars. Both main tracks were completely blocked by the wrecked cars and passenger trains Nos. 5 and 15 and mail train No. 18 were delayed from one to three hours. The wrecked cars were soon removed, but the replacing of the rails took more time.

General and Personal.

M. E. Cain, the Nickel Plate engineer, is sick and off duty.

Brakeman Seymour, of the Nickel Plate, is taking a lay off

Jerry Conners, of the Pittsburg blacksmith shop, is off duty today.

M. Wambach, of the Pittsburg machine shop, is absent on account of sickness.

J. Kayser and J. H. Cody, of the Pittsburg planing mills, are sick and off duty.

John Irwin, the Wabash boilermaker, is laying off on account of an injured hand.

Nickel Plate engine No. 10 has been sent to the Stony Island shops for general repairs.

E. B. Babcock, of the Pittsburg machine shop, laid off this morning to attend a funeral.

Fireman H. F. Mansfield, of the Nickel Plate, has gone to Cleveland to visit for a few days.

W. K. Cowen and Mr. Schafer this morning assumed positions in the machine shop of the Bass works.

W. D. Keim, a Nickel Plate brakeman, has reported for duty after an absence on account of sickness.

Conductor J. F. Vervalin has reported for duty on the Nickel Plate after being laid up a week with the grip.

W. Hinsel, a machinist in the Bass works, has returned to work after a lay-off occasioned by sickness.

Traveling Passenger Agent Brown, of the Lake Shore road, was in the city on business yesterday.

Ernest Eikes and Mart Dideon, of the Bass blacksmith shop, are off duty today, the former on account of a lame back.

Link Johnson, day watchman at the electric works, who had been off duty attending to private business, reported for duty this morning.

Fireman D. W. Kintz, of the Nickel Plate, who had been laying off to cure a felon on his finger, has returned to work.

H. W. Smith, the Pittsburg machinist, who has been off duty has returned to work.

W. F. Marks, the Pittsburg machinist, is taking a lay off today to attend to some legal matters.

Henry Rehling, the Wabash boilermaker, who had been sick, returned to work this morning.

The employes in the Pittsburg machine shop today commenced their spring "house cleaning."

H. H. Danielson has taken a position as a helper in the Wabash boiler shop, as has also William Beattie.

J. W. McCoy, foreman of the erecting gang in the Wabash machine shop, was reported sick this morning.

J. H. Franke, who had his arm scalded Saturday afternoon, resumed his duties in the Pittsburg machine shop today.

Henry Dreyer and David Roche, of the Pittsburg blacksmith shop, who had been off duty, returned to work this morning

Ben Kirby, a machinist's helper, has resigned his position in the Wabash shops and will return to Muncie, his former home.

Howard J. Hurley, of the Pittsburg machine shops, today resumed work after several weeks absence on account of an injured hand

Machinist Ferd Noll and J. Nichter, a helper, both of the Wabash shops, were off duty today to attend the funeral of Mrs. Gruber.

Charles Green and William Gristmeyer, construction men for the Fort Wayne Electric corporation, are in off the road for a few days.

Mr. and Mrs. Judson Trowbridge, of Fayette, Ohio, are the guests of their daughter, Mrs. C. F. Tracy, the wife of the Nickel Plate cashier.

C. F. W. Meyers, of the Pittsburg planing mills, who had been off duty about a week nursing an injured hand, resumed work this morning.

George T. Ladd, traveling agent of the Bass Foundry and Machine company, has gone to Pittsburg, where he will bid on several large contracts.

The Pennsylvania and the Columbus and Hocking Valley will jointly erect a union station at Lancaster, Ohio, and make other improvements at that point.

W. H. Fetter, of the machine shop, is visiting relatives at Indianapolis, which was his home before he became connected with the Bass works here.

Frank J. Ruch, steam pipefitter, who had been off duty three or four days on account of sickness resumed his position in the Pittsburg copper shop this morning.

William Horstmeyer, a helper in the Wabash boiler shop, has resigned and will probably go to Port Huron, Mich., to work for the Grand Trunk road.

Mrs. Rachael Kreighbaum, who has been visiting Mrs. W. S. Wells, the wife of the well-known Pittsburg machinists, at 58 Park avenue, will leave Saturday for her home at Kansas City.

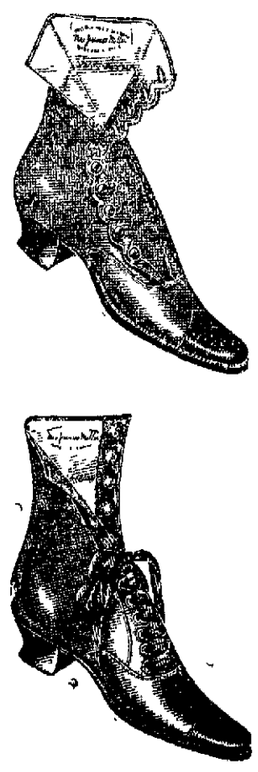

Dietrich Kammeyer, who had charge of the yard laborers in the Wabash yards at this point, has gone to Port Huron, Mich., where he will assume a similar position with the Grand Trunk road.

Robert Ferguson, the oil furnace man, has returned from Grand Rapids, where he installed an oil furnace, for welding flues, in the shops of the Grand Rapids road. Mr. Ferguson's headquarters are at St. Paul, Minn.

Louis Schoonover, the Nickel Plate brakeman, has been absent for several days, and his railroad friends had begun to worry about him, but their fears have been dispelled by the news that he is the proud papa of a young daughter who arrived Saturday to brighten his home.

Engineer Tim E. Short, of the Nickel Plate, has reported for duty after a brief vacation spent in hunting in the Kankakee marshes. Along with a number of ducks, Mr. Short brought back with him two young gray wolves, which he will try to raise, and he is now feeding them with a nursing bottle.

The Cancer Microbe.

NEW YORK, April 11.—A dispatch from Paris says that Dr. Bra, discoverer of the cancer microbe, in an interview confirms the statement that he has succeeded in isolating the parasite which is invariably present in cancerous growths. It is a fungoid of the ascomycetes family and certainly the active agent of cancer. Dr. Bra declines to hold out premature hopes for a curative treatment for cancer.

SOME FIGHTING AROUND MANILA

Lawton Gave Rebels a Bad Drubbing.

MANY WERE KILLED.

Wheaton Has Brush With Insurgents.

General Lawton is Still in Pursuit of the Filipinos at the Head of Bay.

WASHINGTON, April 11.—The following dispatch has been received from General Otis:

"Manila, April 11—Adjutant-General, Washington—Insurgents attacked MacArthur's line of railway communication last night in considerable force; repulsed by Wheaton with heavy loss. Wheaton's casualties three killed, twenty wounded. OTIS."

WASHINGTON, April 11.—The following dispatch gives additional information concerning the fight of Santa Cruz:

"Manila, April 11.—Adjutant-General, Washington: Lawton's success at Santa Cruz more complete than reported yesterday. Enemy left nine-three uniformed dead on field and number seriously wounded. Lawton captured city without destruction of property. His loss ten wounded, slight, except two, one since died. Lieutenant Elling only officer wounded, slight in hand. Enemy retired eastward; Lawton in pursuit this morning. OTIS"

The attack of the insurgents upon the railway north of Manila indicates to war department officials that while General MacArthur was pushing north bodies of insurgents took to the mountains and jungles to the right of the railway, and have been watching an opportunity to capture the road at some point and thus cut off the main body of the army to the northward.

The repulse of the natives shows that they had not sufficient force to accomplish their purpose.

A NIGHT ATTACK.

MANILA, April 11.—5:45 p. m.—At about midnight the rebels cut the telegraph line at several places between here and Malolos and signal fires were lighted and rockets sent up along the foothills to the right of the railroad. Later the enemy attacked the outposts of the Minnesota regiment, between Baigan and Bocave, five miles south of Malolos, killing two men and wounding fourteen.

Simultaneously the outposts of the Oregon regiment at Mariolos, the next station on the way to Manila, were attacked with the result that three Americans were killed, and two were wounded. The loss of the enemy was ten men killed and six wounded. The Americans also captured two prisoners.

Troops were concentrated along the railroad as thickly as possible and the rebels were driven back to the foot hills.

The road between the railroad was damaged but it was repaired almost immediately and traffic was resumed through Malolos.

GOING TO GUAM.

Governor Leary About Ready to Embark.

Will Sail in Yosemite With a Company of Marines and Brass Band to Play for Natives.

NEW YORK, April 11.—It is expected that the converted cruiser Yosemite, which is to carry the government of Guam, Capt. Richard P. Leary, U. S. N., and his garrison of marines to the Ladrones, will sail within ten days by way of Suez.

Besides the governor general and official family, the Yosemite will carry a garrison of 125 marines under Major A. C. Kilton. She will also have a brass band of ten men, which is to give concerts in front of the governor' palace. The government will use the two buildings in Agano which the Spanish officials occupied. The palace will be Governor Leary's residence and a building known as the "quadrangle" will house the garrison of marines.

Governor Leary will rule over the few thousand of inhabitants of Guam which is practically the only inhabited island of the Ladrones. Of these, 2,000 are foreign and the others are natives, an admixture of Spanish and Malay blood.

The Yosemite is to remain at Guam for some time. Captain Ide is ordered to make a survey of the island and report as to harbors.

The government has allowed Captain Leary $50,000 to maintain his establishment as governor. It is desired to make an impression on the people of Guam of the wealth and strength of the nation under whose flag they are to live.

Captain Leary takes with him on the Yosemite a pretty little steam launch. The Yosemite is loaded down with other stores. In her hold is a distilling plant which will insure pure water to the American garrison on the island. Light summer furniture for the palace and quadrangle is also in her cargo.

SAFE IN PORT.

Steamer Kairos Makes Halifax After a Month's Beating About the Seas.

HALIFAX, N. S., April 11.—The steamer Kairos, which was disabled in mid-ocean nearly a month ago, while bound for Great Britain, arrived at this port today without assistance. The Kairos had been in tow of two different steamers, but both were obliged to give up all attempt to get her into port, owing to the boisterous weather that has prevailed.

When last heard from the disabled craft was in tow of the Exeter City, but parted from her last Wednesday during a snow storm, and did not sight her again. The captain of the Kairos had a difficult task working his ship to Halifax.

TRIO OF DIVORCES.

A New Case Filed and Two Applications Granted.

Administrator Appointed by Judge O'Rourke—News Gleaned in the Courts.

In the superior court Melinda Cameron has commenced divorce proceedings against her husband, James Cameron, alleging cruel and inhuman treatment. The couple were married July 4, 1866, and are the parents of six children, only two of whom are minors. The wife alleges that the husband abused and mistreated her, called her names, slapped and choked and otherwise abused her. She wants $4,000 and the custody of James Ross Cameron, a minor.

Judge O'Rourke granted John Leikauf a divorce from Barbara Leikauf.

Wilson Koppenheaver was also granted a divorce from Sarah Koppenheaver.

THE JURIES DRAWN.

Jury Commissioners Stopher and Soest have drawn the panels for the grand jury and the circuit court petit jury for the next term. The result is as follows;

Grand Jury—Allen Crawford, Lafayette township; B. Ort, Maumee; John Rulo, Adams; Rufus Lechner, Springfield; Frank Lavan, Lafayette; Allen Richard, Milan.

Circuit Court Jury—Jacob Simons, Monroe township; Jacob Snider, St. Joe; Henry Schulz, Marion; Christian Snider, Lake; John Freiburger, Pleasant; Richard K. Irvin, Aboite; Fred Henshen, Washington; Frank Phillips, Aboite; Charles Cook, Washington; George Husted, Maumee; Christ Schaich, Washington; James Pring, Cedar Creek.

COURT NOTES.

In the estate of Casper Neireiter, Judge O'Rourke sustained objections to the report of the administrator and amounts at issue were paid.

Judge Watkins, in the Stone-Weil case, denied the motion for a new trial and the case was appealed to the appellate court.

Aime Chausse sues Joseph Harding for $200. A. H. Bittenger is attorney.

Herman Nathan sues Christ Newcomer for $400. The Hannas are attorneys.

The Alcatraz Paving company filed suits yesterday to recover $125 from Veronica Pomeroy, $60 from Sarah E. Fleming and $50 from Fred Bauer. Henry Colerick is attorney for the company.

Louis Steup has filed his oath and bond as executor of the estate of Christian Woebing, deceased.

Judge Dawson granted Catherine Swallow a restraining order against her husband, Joshua Swallow, and the Lake Erie and Western railway. The husband has applied for a divorce, and the order restrains him from drawing and the railway company from paying wages.

Susan Kelly has been appointed administrator of the estate of Christopher Kelly, deceased.

LICENSED TO WED.

Vachiel S. Harding and Alice C. Brooks.

There will be preaching in the Free Methodist church on East Creighton avenue, this evening. Rev. W. S. Smith, of Al, Ohio, will preach. Others on their way home from the conference held at DeSoto, Ind., will be present. All are invited.

THE TROOPS KEEP ORDER

All is Quiet in the Streets of Pana.

AFTER THE RIOTS.

More Men Known to Have Been Shot.

Negroes Now Venture Boldly on the Streets, Since Troops are There.

PANA, Ill., April 11.—Business interrupted by yesterday's rioting, was resumed in Pana and the city, under martial law, was quiet and orderly. For the first time in weeks negroes appeared boldly in "the principal streets, taking advantage of the presence of the soldiers. The soldiers were kept busy dispersing small groups and keeping people moving, but met with no resistance.

All of the deputies have been disarmed by the militia and the soldiers control the city. The towns-people are still in great terror of the factions which caused yesterday's bloodshed and women and children are kept closely within doors. Stories as to the cause leading up to the rioting are widely different but it is believed by the authorities that the negro, Stephens, who was almost shot to pieces while resisting arrest was largely responsible for the ugly mood of the negro miners who did most of the early shooting. The Flatham and Springside mine districts are closely guarded today and no further trouble is anticipated by the military authorities.

It was discovered today that six of the non-union miners who fought behind the stockade of the Penwell colliery yesterday were shot during the riot.

They were:

Rufus Finley, colored, shot through the hand.

Clint Rowland, colored, shot through the body.

Louis Whitefield, colored, shot in leg.

C. H. Dorsey, colored, shot through leg.

Martin Whitman, white, shot in knee.

Albert Brooks, colored, shot in arm.

These men have been given medical attention and sent home.

Mayor Penwell, who was within the stockade during the shooting, declares that the firing was begun by the deputy sheriffs and that his men did no shooting until compelled to by the deputies' heavy fire.

START FOR SARDINIA.

The King and Queen of Italy Are to Visit the Island.

ROME, April 11.—The king and queen of Italy started for Sardinia today. This will be the first visit of his majesty to the island since he went there as crown prince. The king begged the Sardinians not to go to any useless expense, but the inhabitants are preparing a brilliant reception.

The French fleet is now at Cagliari, capital of the island of Sardinia, and the civil and military authorities of the town have invited the French and Italian crews to fraternize.

Admiral Fournier, commander of the French fleet, has invited the Italian authorities and the Italian admiral to dine on board the French flagship Brennus, whose band will play through the streets. The municipality will entertain the Frenchmen.

A WARM HONEYMOON.

W. K. Vanderbilt's Country Home, "Idle Hour," Destroyed by Fire.

NEW YORK, April 11.—W. K. Vanderbilt's country house, "Idle Hour," at Oakdale, L. I., was totally destroyed by fire about 4 o'clock today. No lives were lost and no one was injured. W. K. Vanderbilt, jr., and his bride, formerly Miss Virginia Fair, were occupying the house at the time.

The fire is believed to have originated in the cellar, accidentally. It broke out at 3:45 a. m. and in an hour the magnificent structure with all its valuable fittings was totally destroyed. Besides young Mr. and Mrs. Vanderbilt, there were twelve or fifteen servants in the house. All got safely out. Mr. Vanderbilt and his bride came to New York on an early train.

The total loss is estimated at from $250,000 to $300,000. "Idle Hour," which was one of the handsomest country houses on the south side of Long Island, was built for William K. Vanderbilt about eight years ago. It was of Queen Anne architecture, two stories high, and was constructed of brick, stone and terra cotta.

WERE TO MEET

A Representative of the General Electric Company.

Some Action Will be Taken Tomorrow in the Affairs of the Fort Wayne Corporation.

Something important in the affairs of the Fort Wayne Electric corporation is certain to happen within the next twenty-four hours. The sale of the work is set for one week from today, Tuesday, April 18th, and if the works are to remain in Fort Wayne some action must be taken soon. Charles E. Dustin, an expert electrician from New York, arrived in the city Sunday and has been making an examination of the Fort Wayne plant for the General Electric company.

He is to determine its value and report to a high official of the company, who will be here probably tomorrow.

This official was to have been in the city today and meet H. C. Paul and others who are interested in the concern remaining here, but the meeting was postponed on account of the man's non-arrival. Mr. Paul, too, is very busy and was unable to attend a conference, but it is expected that at a meeting to be held tomorrow something definite will be decided upon.

Mr. Paul was not inclined to enter into details when questioned by THE SENTINEL, and would admit only that he would tomorrow meet the representative of the General Electric corporation.

IS NOTHING IN IT.

Administration Not Interested in Silver.

Will Not Take the Initiative in Another Effort for an International Monetary Conference.

NEW YORK, April 11.—A dispatch from Washington says:

So far as the report of the British-Indian currency commission tends to show that there has been serious consideration by the American cabinet of the question of another international monetary conference or of the ratio for the coinage of gold and silver, it is misleading.

There is the highest authority for the statement that there has been no serious consideration of the question by the cabinet since the failure of the last monetary conference and that it is highly improbable that the United States, under the present administration, will take any initiative for the calling of another. It can be said on the same authority, however, that the United States will accept any invitation that may be issued by any other nation for such a conference, and that the present administration will be inclined to go as far in increasing the use of silver as other leading commercial nations. The enormous increase in the production of gold within the last few years and the prospects that the annual output of the mines in the world will increase for many years have served to convince many who formerly advocated remonetization of silver by an international agreement that such a step is unnecessary.

George E. Roberts, director of the mint, whose official position gives much significance to what he says, says that he was formerly an advocate of an international agreement but that in view of the great change in the situation due to increased gold production, he had not believed that such an agreement was now possible because there was no longer necessity for it, and it would be impossible to interest people in it.

PROGRESS OF QUAY TRIAL

State Hastens Taking of Testimony.

THE BANK'S BOOKS.

Important Matters are Brought Out.

Papers That Were Turned Over to John Wanamaker for Political Purposes.

PHILADELPHIA, April 11.—The trial of ex-United States Senator Quay on charges of conspiracy, begun in earnest today when one witness after another was called by the commonwealth to tell what each knew about the case. The jurors looked as though they had rested well, notwithstanding the fact that they had been locked in the jury room all night. David T. Watson, of Pittsburg, was the first of Mr. Quay's counsel to arrive. Five minutes before court opened the ex-senator and his son, Richard, came in unaccompanied.

Mr. Quay was smiling and his features bore a hopeful expression as he responded to the greetings of a few political and personal friends in the court room.

Once seated, his face resumed the calm repose so characteristic of the man. He sat quietly through the entire session and as far as outward expression of countenance indicated, he was the most unconcerned person in the room.

Nearly half an hour was spent in the arrangement of papers and in consultations among counsel before the business of the day began.

Thomas W. Barlow, the receiver of the bank, who was on the stand at adjournment yesterday and identified the books and papers found in the bank upon assuming his duties, was cross-examined by Mr. Shapley, of counsel for Mr. Quay.

Mr. Shapley had not proceeded far with the cross-examination before his line of questions apparently indicated his purpose to prove that the whole fabric of the charges against Mr. Quay were the result of a conspiracy. After bringing out the fact that Mr. Barlow was assistant to former District Attorney Graham during the time he acted as receiver and was busied with his duties, the witness was told to tell all the circumstances of his removal of certain letters, papers and books from the private desk of Cashier Hopkins. Among these books is the one known as the "red book," which the prosecution alleges shows that Hopkins computed interest on state funds which he deposited to Mr. Quay's credit. The papers also included the Quay letters, among them "the plum tree" document.

Mr. Barlow in reply said: "On March 29th a person in Harrisburg, whom I did not then and do not now know, spoke to me in this city over the long distance telephone. He said: 'I want to say to you an attempt will be made tonight to take certain documents out of Hopkins' desk, so they had better be taken by you.'

"As a result of this I went to the bank accompanied by a policeman, broke open the desk and took them out."

The witness said he notified Judge Gordon, then one of the common pleas judges, of his intention, the latter being private and confidential advisor to James McManes, president of the bank. For about three hours that night he left the documents in the possession of Judge Gordon in a trust company's office. Afterward these papers were virtually in Judge Gordon's custody until early in September.

Further on, Mr. Barlow explained that Mr. McManes had agreed to pay the debt of the bank and as Judge Gordon was his friend he considered it perfectly proper that the judge should know of the contents of the books and papers.

Mr. Barlow denied knowledge of the photographing of the Quay letters for the use of his political opponents. He said he did not know that they had been taken to a hotel by Judge Gordon and shown to David Martin, or that Judge Gordon and John Wanamaker had taken them to New York and shown them to Democratic National Committeeman James M. Guffey, in an effort to make Judge Gordon the democratic candidate for governor of Pennsylvania last year.

Mr. Barlow denied knowing that before he received the annonymous telephone message from Harrisburg, Judge Gordon had opened the private desk and examined the books and papers. He thought, however, that State Banking Commissioner Gilkeson, of Harrisburg, who was in possession of the documents, had seen them prior to their coming into his (Barlow's) possession. He stated that early in September last he showed them to Attorney-General McCormick in Harrisburg. Mr. Shapley asked witness if the attorney general had not told him that there was nothing in them on which to base a civil or criminal action. The question was objected to by the district attorney, and the objection was sustained.

BABY OERTEL'S DEATH

Was Caused by Spasms Due to Poisonous Acids in the Stomach.

Dr. L. P. Drayer has completed his analysis of the stomach of the little son of Herman Oertel, which was found dead in bed at the home, 91 John street, last Wednesday morning, and has made his report to Coroner W. W. Barnett. It is found that poisonous vinegar acid was generated in the stomach by the chemical action of the food therein contained, and that death was due to spasms which were the result of the action of the poisonous acids.

POLICE NEWS.

A Quintette of Boys Charged With Stealing Brass.

Detective Daseler Made the Arrests—A Quintette of Drunks See the Acting Mayor.

Detective Daseler this morning arrested four lads, ranging in age from eleven to fifteen years, on a charge of stealing brass from an engine of the Western Gas Construction company. The brass was stolen some time ago and the detective finally learned that it had been sold to Junk Dealer Miller, of Superior street, and from the dealer's description of the lads who sold is to him Detective Daseler soon located the boys. They are Calvin Tullis, Gouldie Tullis, Arthur Richards and a boy named Ayres. The boys admit their guilt and are now confined in the city prison, awaiting the pleasure of the authorities. Their parents are all most respectable people.

CONFRONTED BY DRUNKS.

Acting Mayor Huser was confronted in police court this morning by five drunks, William Coughlin, arrested by Officer Collins; Edward Wonoko and Ervin France arrested by Officer Collins and Merchant Policeman Ryan; John Dow and Ernest Brown by Officer Elliott. They were fined and costed $10.50 each. All went to jail, but Dow, who settled.

GONE TO NEWARK.

Detective Daseler and Officer Dickson went to Newark, Ohio, at noon today, where they will tomorrow testify against the Fort Wayne colored men, Brown and Gardner, arrested for robbing a hotel. Gardner was arrested by Daseler and Dickson. Bob will call on the ball players in Mansfield while he is awaiting the arrival of the Balimore and Ohio train to convey him to Newark.

A BRISK BLAZE.

Fire on South Webster Street at Noon Today.

Two Barns and a Residence Destroyed—Stiff Breeze Makes Fire Hard to Control.

A lively fire occurred on South Webster street just before noon today, burning two small barns and badly damaging the residence at 284 Webster street. The two barns stood close together in the rear of Nos. 52 and 54 Williams street and were owned by Lieutenant of Police Henry Lapp. The fire started in these barns, but its origin is a mystery. A stiff breeze from the south drove the flames across the alley, and the fire was communicated to the two-story residence at 284 Webster street, owned by Alex. McKinley, but occupied by Charles Lapp, a son of the lieutenant. The alarm reached the fire department by telephone, and companies 2, 3 and 5 responded. The barns were a total loss, and it required the liveliest sort of work to save the residence from entire destruction. As it is, it appears almost worthless, yet insurance men who were present say the building can be repaired at a cost of $500 or $600. The residence is insured in the Lumbard agency. Charles Lapp's loss on household goods will probably reach $250, and Lieutenant Lapp places his loss on the barns at $200.

The ladies' auxilliary of the B. of R. T. will entertain at tea tomorrow afternoon from 3 to 9, at the home of Mrs. J. Wells, 26 Hough street. All members are expected to be present, and a general invitation is extended to all.

FORMAL END OF THE WAR

Complete Peace Has Been Restored.

LAST STEP TAKEN.

Ratifications of Treaty Exchanged.

The French Ambassador Acts for Spain—Ceremony at the White House.

WASHINGTON, April 11.—The complete restoration of peace between the United States and Spain was effected today, first through the exchange of ratifications of the treaty of peace, to be followed by the issuance of a proclamation by the president announcing to the world that peace has been restored. The ceremony of exchanging ratifications occurred at the executive mansion at 3 o'clock when the president handed to M. Cambon, the French ambassador, the American copy of the treaty and the ambassador in turn gave to the president the Spanish copy of the treaty, properly attested by the queen regent and premier of Spain.

PEACE PROCLAIMED.

After the ceremony connected with the exchange of the ratifications of the peace treaty, President McKinley issued the following proclamation:

"Whereas, a treaty of peace between the United States of America and her majesty, the queen regent of Spain, in the name of her August son, Don Alfonso XIII, was concluded and signed by their respective plenipotentiaries at Paris on the tenth day of December 1898, the original of which convention being in the English and Spanish languages is word for word as follows:

(Here full text of treaty is included.)

"And whereas, the said convention has been duly ratified on both parts, and the ratifications of the two governments were changed in the city of Washington, on the 11th day of April, one thousand eighteen hundred and ninety-nine;

Now therefore, be it known that I, William McKinley, president of the United States of America have caused the said convention to be made public to the end that the same and every article and clause thereof may be observed and fulfilled with good faith by the United States and the citizens thereof.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this eleventh day of April, in the year of our Lord, one thousand eight hundred and ninety-nine, and of the independence of the United States the one hundred and twenty-third.

"WILLIAM MCKINLEY.

"By the President:

"JOHN HAY, Secretary of State."

DREYFUS NOT GUILTY.

Such Is the Positive Declaration Made by the Italian Ambassador.

PARIS, April 11.—The Eclair this morning publishes the deposition of Senator Traieux, made before the court of cassation in the Dreyfus revision proceedings, in the course of which M. Traioux said that Count Tornielli-Brusati Di Vergano, the Italian ambassador to France, told him when the Matin printed a fac simile of the bordereau that it was a flash light reproduction, that the documents mentioned had been given to the German attache by a person other than Dreyfus, and that the handwriting of the bordereau was that of the officer who gave the documents to the attache.

Comparison, he said, would be easy, as the attache possessed voluminous correspondence of that officer.

Count Tornielli further told him that an attache of the Italian embassy, showed him (the ambassador) a letter from the German attache stating this and asserting that he did not knew Dreyfus, and attributing to Count Esterhazy the act for which the court martial had wrongly found Dreyfus guilty.

C. T. Melsheimer, of Elnora, Ind., arrived in the city today to attend the funeral of his sister, Mrs. E. A. K. Hackett.

CITIZENS TALK OF GAS SUPPLY

Mass Meeting in the Council Chamber.

SUPPLY MUCH LESS

Than in the Years That Have Passed.

President Paul Will Cancel All New Contracts--Committee Chosen to Act.

The people are interested in the outcome of the investigation now being made by the city council into the natural gas prospects of the future and this interest was manifested last evening by a big attendance of citizens at the public meeting held in the council chamber. The meeting was under the auspices of the council committee of the whole and Councilman Hench was chairman and Councilman Lennart secretary. Of the councilmen Messrs. McMahon and O'Ryan were the only absentees. As soon as the chairman called the meeting to order, Mr. Moynihan, of the Journal, made a motion that a committee of councilmen and citizens be appointed to visit the officers of the gas company and negotiate with them for a rebate to those consumers who had not had sufficient gas for their stoves during the extremely cold days of the winter and further to learn from these officers the exact meaning of the new contract which had been submitted to consumers for signature.

Messrs. Paul and Bash, representatives of the gas company, were present and as soon as the motion was made Mr. Paul took took the floor and proceeded to explain the position of the company. He was surprised to meet so many citizens with the council and believed the proper place to have discussed these matters was in a private conference between the councilmen and the officers of the gas company. He asserted that there had been much misrepresentation of the gas company's affairs in the newspapers and that the people were unduly aroused. Councilman Hosey and Mr. Moynihan asked questions of Mr. Paul, some of which he answered explicitly enough, but others he could not or would not answer. Eli Wahrenberg said that the fact that the company had submitted a new contract to its consumers had aroused a suspicion in their minds and this had more to do with the agitation than the newspapers. He did not understand what this contract meant and believed that many persons who had been asked to sign it were as ignorant of its purposes as he. Mr. Paul in reply, said that he believed the contract was of as much benefit to the consumer as to the company, but that he was willing on behalf of the company to cancel every new contract that had been signed. There was no compulsion about the signing of these contracts and any clerk who had refused to accept gas payments unless the contract was signed exceeded his authority. One workingman rose and stated that the company refused to accept his money unless he signed the contract and he had not signed it and still owed the month's bill.

Messrs. Paul and Bash were positive in their statements that there was a scarcity of gas and Mr. Paul asserted that never again would his company go through such another winter. The contract with the city expired at the end of this year and he did not at present know what course might be pursued. Mr. Bash called attention to the fact that the city had authority to buy the plant now, but he did not advise the purchase, in fact, Mr. Bash expressed his doubts as to the advisability of making the purchase. He believed that there should be some protection to all consumers, the poor and the rich, and intimated that the course for the council to pursue might be to make an agreement with the gas company to furnish each consumer with gas enough to successfully operate one stove only. He was intimate with the gas fields, and asserted that if the council committee would visit the wells they would learn much in regard to the supply. He was free to admit when questioned that with an expenditure of $170,000 there might have been an adequate supply last winter, but the company could not afford to incur this expense.

During the discussion it developed that the Fort Wayne company was paying interest on $3,000,000 worth of bonds at 6 per cent. and on $2,000,000 worth of stock at 7 per cent., an annual interest fund of $260,000. Mr. Moynihan had charged that City Attorney Shambaugh said the income of the company was $840,000 a year. Mr. Paul denied this and called on Mr. Shambaugh, who said that he had information which he considered reliable, that the company's income was $800,000 a year.

Mr. Paul made a long statement to the council in which he said there were two sides to the question and he was interested in both sides, on the one as representative of the New York capitalists who had invested in a very hazardous risk and on the other as a citizen of Fort Wayne and no person in the hall or in the city would do more for the people than he would, but at the same time he was bound to protect the financial interests of the men represented. He asserted that he was the largest employer of labor in Fort Wayne, that he had assisted in the establishment of several manufacturing institutions, and even now had just returned from New York, where he had been negotiating with capitalists for $400,000 with which to keep two of the industries of Fort Wayne in operation. He had accumulated a competency, it is true, but it had been honestly gained. Hundreds of consumers had already received from him some rebate, and he asked only that inquiry be made by citizens among their neighbors and they would know the truth. He did not care to talk of his frailties or his charities, but he did believe that he was as much interested in the welfare of Fort Wayne and its citizens as any resident of the city. There was a way probably in which the gas question could be settled and he, even though acting for New York capitalists, was willing to talk for the public interests, provided only that there was fair treatment and no misrepresentation. If there was he would be found on the other side.

Frank Alderman believed there was more danger in what Messrs. Paul and Bash had said during the meeting than in all the columns that had been or might be printed in the papers. They had intimated that some residents would not get gas. This probably meant that persons residing in the suburbs were to be the sufferers. There was danger in this statement, and he hoped that the councilmen, whom he did not attempt to advise, should act intelligently, and the question might be satisfactorily solved. The company had rights, it was true, but their representatives should not beg the question and say that money was being lost, for there was doubt that instead hundreds of thousands had been earned.

Allan H. Dougall, James Conroy, Mr. Tibbles and other citizens made short explanations, but none of them were in a position to offer any advice.

Councilman Hosey asked those in the audience who were not satisfied with the supply of gas they had received to rise to their feet. So many stood up that they were not counted. On the other proposition that all who had received as much gas as they paid for hold up their hands six hands went into the air.

At this point Councilman Scheid made the statement that he had plenty of gas during the cold spell and did not know of one of his neighbors who had complained of the supply. Mr. Scheid was a member of the council when the contract with the gas company was made and he was asked if at that time any suggestion was made that a clause be inserted that if there was a shortage the company should allow a rebate. Mr. Scheid said that at the time no person thought of a shortage or that the present conditions might arise.

After two hours discussion Mr. Moynihan's motion for the appointment of a committee was put and carried unanimously and Chairman Hench selected the following committee: Councilmen Bauer, Lennart, Haag and Ehrman, Citizens Allan H. Dougall, T. B. Empie, C. P. Swain, John B. Monning and F. E. Purcell. These gentlemen will call on the company and attempt to make some arrangement for a rebate.

The ball has started rolling now, but it will not be settled in a hurry. Councilmen Hench said last evening that the council might consider the matter for months, but that some decision must be reached by August so that the company could prepare to place additional machinery, if a satisfactory contract was agreed upon. If not, the people would know before winter whether they must prepare for the use of coal and wood.

Mr. Bash made a motion that the committee be authorized to visit the gas fields and there learn the exact status of the supply. This motion was defeated, but it is possible the council itself may make a personal investigation of these fields before a new contract with the gas company is entered into.

There was a strong sentiment in the meeting in favor of municipal ownership of public utilities and the principle when mentioned was always applauded to the echo. There was not, however, much sentiment in favor of the city owning the gas supply under present conditions, although Mr. Bash and others were free to acknowledge that it would have been a great investment for Fort Wayne ten years ago.

THE DEATHS.

George Beach, an old resident of this city, died at 6 o'clock this morning, at his home, 15 Clark street, from the infirmities of old age. Mr. Beach was a native of Switzerland and his age of eighty-eight years, three months and two days. He came to Fort Wayne in 1853 and assisted in building the Wabash railroad. Later he conducted a dairy, but in recent years has been living a retired life. His wife died seven years ago. A son and a daughter survive him. They are Fred Beach, of the City mills, and Mrs. Conrad Nill. The funeral services will occur on Friday from Salem Reformed church.

LINSEY.

Wesley Linsey died last night at the St. Joseph hospital. Linsey was about fifty years of age and has been making his home at the county poor farm. Recently he left that institution, and in sleeping out of doors in Perry township one night froze his feet. Bloodpoisoning developed and the man was removed to the hospital. One foot was amputated a few days ago in the hope of saving his life, but he could not survive. The remains were removed to the undertaking parlors of Schone & Vieth.

KLEINRICHERT.

Miss Frances Kleinrichert, daughter of Lawrence Kleinrichert, died at 2 o'clock this morning at St. Joseph hospital from a complication of diseases. Miss Kleinrichert was twenty-four years of age and resided at New Haven, where the funeral services will occur. She had been at the hospital receiving treatment. A brother and three sisters reside in the city—Joseph Kleinrichert, of Maumee avenue; Mrs. Barney Wright, of Ohio street; Mrs. John Denzel and Mrs. H. W. Kanning, of East Wayne street. A number of other relatives reside at New Haven.

HACKETT.

The funeral services of Mrs. E. A. K. Hackett will take place Wednesday afternoon at 2 o'clock at the house, No. 207 West Berry street, and will be public, Dr. D. W. Moffat, officiating. The burial will take place at a later hour and will be private.

SORGEN.

Frederick Sorgen, a prominent farmer of Monroe township, died Saturday evening at his home on the Ridge road at the age of forty-three years. The funeral services were held this morning.

AUMANN.

Irma, the little daughter of Mr. and Mrs. William H. Aumann, died at noon today at the home, 123 John street, after an illness of more than a week. Her age was five years.

SIELING.

The funeral services of Miss Louise Sieling well be held on Wednesday at 1 o'clock from the residence of S. B. Sieling on Wayne trace, and at 2 from St. John's Lutheran church, instead of on Thursday, as at first announced.

MUNICIPAL AFFAIRS.

Remonstrance Against the Madison Street Pavement.

The New Pumping House Will Soon be Occupied—Petition for Repairs on Berry Street.

This morning a remonstrance was filed with the board of works against the paving of Madison street from Barr to Division. The paper is signed by Prof. J. H. Ungemach and twenty-seven others. The members of the board say that this is not enough to defeat the improvement, and it will probably be made.

PETITION DEFERRED.

Manager Perry will not present to the board of public works tonight his petition asking for a franchise for the American District Telegraph company for the reason that City Attorney Shambaugh desires time to confer with city authorities of Indianapolis, Terre Haute and other cities as to the system under which the company is operating. Mr. Perry further says the company is formed to do precisely the same business done by the company owned by local capitalists. Heretofore Western Union messengers have devoted much of their time to carrying notes, packages, etc., to the detriment of the delivery of the telegraph messages for which they were paid a sufficient salary. Hereafter additional boys will be employed and the carrying of notes and packages will not interfere with the delivery of messages. The service has already been increased to cover all night and all day Sunday.

NEW PUMPING STATION.

Secretary McDonald, of the waterworks board, this morning informed THE SENTINEL that the foundation for the new pumping station in the west end had been completed and within a few days the big 3,000,000 gallon engine will be removed to the station and placed in position. The city will then be well protected against a scarcity of water the coming summer.

WANT STREET REPAIRED.

A petition is circulating on West Berry street which will be presented to the board of works. The petition calls attention to the numerous cracks in the asphalt on the street and asks the board of works to proceed immediately and have same repaired before the damage grows greater. The guaranty of the Barber company expired after five years and the city will be compelled to bear the expense of the repairs.

A New Alloy.

The international bureau of weights and measures, which is supported at Paris by a number of the leading governments of the world, for the purpose of constructing and testing the standards of weight and mass, reports that a bar composed of 36 per cent of nickel and 64 per cent of steel was expanded by heat only 1-50 of the amount to be expected from the separate metals. Such an alloy will prove most valuable for astronomical clocks, as it will practically eliminate questions of temperature in their adjustment.

HINTS OF SUMMER.

Hints of summer all over this store. We are ready with your summer things now. We load ourselves with these things early to give careful buyers a chance. We know you depend on us for that sort of thing. We keep too wide-awake a store to disappoint you at any cost.

HELPFUL SPRING HINTS.

We have formed a friendly alliance with the weather, to push spring suits and cloaks. The weather hints that your winter cloak and winter suit are a bit too heavy for comfort. We suggest that our cloak and suit department is the proper place for you to look for relief. The daintiest of spring garments here at a price to please you.

FAIR AND SQUARE.

The disposition of this store is to do business on honor, in a neighborly way, fair and square, without any sly subterfuge. We mean to do business as business should be done between fair minded people. No attempt at chicanery; no promises we will not keep. No goods we cannot recommend. Prices fair.

PERSONAL PROPERTY LOANS.

Money Loaned In Small Or Large AMOUNTS.

Without delay and at smallest rates on household goods, pianos, horses and wagons, carriages and other like security on a new easy payment plan.

All business private and confidential.

The property is left in your possession.

It pays to borrow of us.

Stearns Merit

—is largely founded upon excellence in the little things.

Consider what you buy in a Stearns—the most graceful wheel in existence, the lightest weight, the narrowest tread, the strongest spokes rims given a magnificent carriage finish to preserve them from the effects of the weather, improvements in technical construction that are improvements, a handlebar grip that doesn't break or turn, the most expensive tires and saddles made, and pedals that are an inspiration.

All this and much more you get in a STEARNS—but in no other wheel.

IS IT CURABLE?

A Question Often Asked by Those Afflicted With Piles.

Is a strained joint curable? Is local inflammation curable? Of course, if properly treated. So are piles.

People become afflicted with piles and ask some old "chronic" who has always persisted in the wrong treatment and naturally discourages them by telling that their case is hopeless.

They in turn discourage others and thus a disease that might in every case be cured by careful and skillful handling is allowed to sap the energy of thousands who might free themselves of the trouble in a few days.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the aching or itching at once.

Thousands who have resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure—in a number of instances persons who have spent months in a hospital under a pile specialist.

It is a remedy that none need fear to apply even to the worst aggravated, swollen, and inflamed hemorrhoidal tumors.

This remedy is no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Drug Co., Marshall, Mich.

Druggists sell it at 50 cents per box. It is fast becoming the most popular pile cure the country has ever known and druggists everywhere are ordering it for their customers.

PLAIN LIVING.

Too much of sweet or fat or regular use of tea and coffee clogs the liver and shows in some form of ailment. Coffee seriously effects many highly organized people.

It pays to live simply and be healthy. Well people can do things. Postum Cereal Coffee looks and tastes like coffee, but is a pure food drink and highly nourishing in its effect on body. Grocers furnish at 15 and 25 cents.

No Right to Ugliness.

The woman who is lovely in face form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Dreier & Bros'. drug store.

Now, clean and choice goods in wall paper. All colors and designs, and prices to suit the laborer with the most moderate means, as well as the purse and taste of the rich man. You will have no cause to regret if you place your order with us, as we employ only experienced men, and when we hang your paper you may feel assured that it is done right. Just received 3,000 rolls of good white backed paper, which we will sell at 3c.

IT IS SAID that it was not the first intention of the president to have the army and navy represented in the commission appointed to attend the Czar's peace conference, but an afterthought. Yet it is really most important. There is no reason to look for any practical result from the conference than an agreement as to the inventions for the destruction of life in war that shall be used. It is necessary that experts in ordnance and armament should be present with authority to speak.

THE so-called secret dossier, on the supposed testimony of which most Frenchmen believe in the guilt of Dreyfus, does not convict that unhappy man. The only document that supported the charge against him was the one forged by the suicide Henry. Yet the prospect of his release does not seem bright.

THE Max Nordau party—a new organization among the Jews—has for its object the purchase of Palestine and the formation of a distinct Jewish state. There are far richer lands than the Holy Land, but sentiment chooses the home of the ancestors of the Jews. The original idea of the Zionists was simply to colonize sections of Palestine and not the purchase of the whole.

TWO MEN, both of whom ought to be competent observers, have just returned from Porto Rico with vastly different accounts of the conditions there. General Roy Stone, the expert road authority of the department of agriculture, declares that many people in Porto Rico are starving and discontented; that industry is profitless, and that great plantations—especially those devoted to the production of coffee—are being abandoned and left to weeds and wild growth. On the other hand, Father Sherman, the son of General W. T. Sherman, who was the only Catholic chaplain in the army of Porto Rico, says the island is the most beautiful country in the world; that the people have been inspired with a confidence by the American occupation of the island, and he advises young men with small capital to go there and buy a coffee plantation. He declares that he would like to spend the remainder of his life in Porto Rico. It is difficult to understand how two such distinctly different opinions could be formed by two intelligent men. They are so widely at variance that the reader finds himself quite unable to form a judgment for himself regarding the actual status of affairs in Porto Rico. Similar contradictions often come from Cuba and from the Philippines, and they make it difficult to evade the conclusion that a good many men do not possess the proper sort of discrimination to make their views of value to the public and, therefore, they would better keep them to themselves.

THE DANGER FROM TRUSTS.

Mr. Thurber, who is at the head of a trust, has begun missionary work to convince the people that trusts are a good thing because they cheapen production and lower prices and also lead to the employment of more people. That they lower the cost of production is certain; that they increase the number of men employed is doubtful—indeed, the statement can be disproved. It is true that the price of oil is less than it was before the Standard Oil company completed its monopoly. How far that is due to the trust is a question. But here is the point: The trust is in the control of a few men, and when they have crushed out all opposition, it is in their power to increase prices. They can afford to lower them and still make larger profits than were earned under the old system of competition. They can afford to pay higher wages. Will they continue lower prices and will they pay high wages? Why should they? Because they have a conscience? Now, it is the invariable rule of business that when for any reason there is an increased demand for anything, the price is raised. The sellers charge more because they can get it. What reason have we to suppose that trusts will be more unselfish or will give to labor more than it can exact in the absence of competition?

The fact that a few men have it in their power to make more millions by raising the price of an article is the danger. It is too much power for a few men to have. We have no assurance they will not use it. They do not organize trusts for benevolent purposes, but to make money. They do not pledge themselves to limit their profits to a certain per cent. With their concentrated wealth, the profits that would belong to many under the system of competition, they are able to buy the best brains in the legal profession. The head of a Chicago trust has bought a leading newspaper. They are able to corrupt legislators, inspectors, in some instances the prosecuting officers of the state, and the very courts. They are able to buy seats in the United States senate for themselves or their representatives. They can dominate the action of political conventions and so control much of the government. All we have between the people and enslavement by the trusts is the moral sense of the few men who control them. It is not enough.

ARE WELL PLEASED.

Ministers Return from Annual Conference.

One of the Great Meetings in the History of the Indiana Methodist Church.

The M. E. ministers of the Fort Wayne churches have returned from the annual session of the North Indiana conference which concluded its labors at Decatur yesterday. It was one of the most interesting and beneficial sessions the conference has ever held. Fort Wayne ministers were pleased to be returned to this city and their congregations are no less so.

The following are the conference appointments in the Fort Wayne district outside Fort Wayne:

Angola, F. M. Kemper.
Auburn, T. M. Guild.
Avilla, J. C. Cain.
Bluffton, S. Light.
Bobo, N. P. Barton.
Ceylon, Bryant Howe.
Churubusco, Charles Tinkham.
Coesse, D. I. Howe.
Decatur, W. H. Daniel.
Fremont, J. A. Sprague.
Garrett, J. M. Haines.
Geneva, J. J. Fred.
Harlan, L. C. Zimmerman.
Hoagland, Ralph C. Jones.
Huntertown, W. E. Murray.
Huntington, L. A. Beeks.
Lee, J. F. Chenoweth.
Markle, C. A. Rowand.
Monroeville, O. S. Harrison.
New Haven, George Cooking.
Ossian, C. M. Hollopeter.
Ponoto, E. J. Major.
Roanoke, S. C. Norris.
Spencerville, E. H. Peters.
Uniondale, E. M. Foster.
Wolf Lake, — — —.
Woodburn, E. A. Bunner.
York, H. G. Porter.

Rev. John A. Sprague, who goes to Fremont, has for some time been the assistant pastor at the Wayne street M. E. church. He is an earnest and talented young minister, whose future both in distinction and in the beneficence of his labors is very bright. Many friends will regret exceedingly to see Rev. Sprague and his most estimable young wife leave the city.

SOLD LIKE HOT CAKES

A Remarkable Day's Business at a Fort Wayne Bicycle Store.

The Public Have Learned the Location of Good Bicycles—A Record Breaker in Wheel Selling.

Five bicycles sold by one man after the supper hour, is certainly an enviable record and such is the record recorded at the Koehlinger agency on Columbia street last evening. This firm has one of the finest lines of bicycles shown in Fort Wayne, and taking into consideration the extremely low prices at which these high grade wheels are sold, makes buying and selling easy.

If you want to see a bicycle that is a picture, go see the stately Featherstone. It is the ideal of mechanical genius, built by men who have reputations for superior knowledge in bicycle manufacture. With all their good qualities they are as handsome as they are good. No other wheel has the improved crank hanger which can be removed and readjusted in thirty seconds. The frame is one of the most perfect models ever designed and attracts attention of the bicycle world. The celebrated Barnes White Flyer and popular Imperial are also leaders, and receive equal attention from the throng of visitors. The Imperial is noted and has long gained the reputation for high enamel finish. To look through the grand line of high grade bicycles means to buy. The list numbers a dozen or more, and you can find among the long row a handsome looking machine, '99 model, first-class in every way, for $21.50. It's a machine sold by many for $35 00. Koehlinger Bros. propose to dispose of 600 bicycles during the season, and to accomplish this they have made prices and terms that must interest prospective buyers. If you find it impossible to suit your fancy elsewhere, go and see these gentlemen; you'll be more than pleased with their line of bicycles and astonished at the terms. Good, high-grade bicycles at the same price other dealers get for cheap ones is their motto. Open evenings, 31 E Columbia street. You will find the name, Koehlinger Bros, over the door, and bicycles inside.

Commencing Monday, April 3d, the Edmund Electric Construction Co., will have their office open evenings from 7 to 8:30 p. m. Room 4, Schmitz block. Phone 262. 29-12t

BASE BALL.

News of the Diamond Gathered in a Day.

The Inter-State Gossip and the Happenings in the Bigger Leagues—Notes of Interest.

Toledo played the first game of the season Monday with Ann Arbor and was beaten 6 to 1. Bishop and Welts twirled for the Mud Hens.

Babb had two errors and a sacrifice hit in the game Monday, but the way he handled himself was a revelation to the Indianapolitans.

Secretary Hubbard telegraphed Manager Glasscock to report in Fort Wayne immediately and he is expected this evening or early tomorrow.

George Reiman pitched for the All-Kentuckians against the Cincinnatis yesterday and was batted hard by the Reds, who were winners by a score of 21 to 2.

Horr has not been heard from for several weeks and his contract is still with him in St. Louis. The big blonde will not be furnished a ticket until he signs.

Belden and Brothers have been practicing during the day and both are showing up strong. Belden covers more ground than ever and Brothers handles himself like a high-class ball player.

Billy Wayne has received an offer from New Castle. Wayne is a first-class twirler and, although released by Torreyson, there is no question that he is 20 per cent. better than any pitcher Torreyson now has on his staff.

Al Fisher must have the "blues" these days. The Western association is tottering and it may be decided today to give up the ghost. Peoria has quit and this leaves only six clubs counting Rock Island and the manager of the latter club doesn't love the six club proposition.

The Indianapolis papers all speak highly of Charley Babb for his work in the first exhibition game with Indianapolis. The News says: "Babb plays well inside the base lines and snaps the ball across the diamond a good deal as Billy Grey used to do. Manager Allen thinks he will prove a good running mate this season."

Secretary Hubbard yesterday morning sent a ticket to Steve Brodie, and he will be in the city within a day or two. He may come with Glasscock. The grounds will be fit to practice on by next Saturday, and by that time enough players may be here to play a game, which may be arranged with the Shamrocks.

Ira Beldon, one of last season's outfielders, arrived in Fort Wayne last evening from Cleveland, where he has been spending the winter. Beldon says that he is in good condition this spring, and will play fast ball from the beginning. He was a fast fielder and the best thrower in the Inter-State last season, but his batting was weak. Naturally Belden is a hard hitter, and if his "lamps" don't fail him this year he will rank among the leading batters.

Miss Engstrom, of Columbia City, is the guest of Fort Wayne friends.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong; I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and $1.00. Trial bottles free at Dreier & Bros. drug store; every bottle guaranteed.

THEY WANT TO TELL

These Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

Mrs. LIZZIE BEVERLY, 258 Merrimac St., Lowell, Mass., writes:

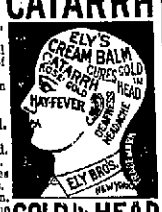

"It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women."

Mrs. AMOS TROMBLEAY, Ellenburgh Ctr., N. Y., writes:

"I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

A RATE WAR THREATENED

Michigan Central Gives Low Rates East.

PACIFIC TERMINAL.

Vanderbilt Interests Secure Western Outlet.

Freight Wreck on the Pittsburg --Brotherhood of Railway Trainmen.

On April 8 the Michigan Central tendered to its connection west of Chicago the lowest fare named by any Chicago line to New York, which wipes out the differential charged by the Erie, the Nickel Plate, the Panhandle, the Wabash and the Baltimore and Ohio, and it is feared this will lead to a general demoralization of passenger rates east bound, not only from Chicago, but St. Louis and other western points. One of the passenger officials of the Michigan Central says: "If the weak lines had shown a disposition to honestly live up to the terms of the agreement, the strong lines would have been slow in attacking differential principle, as it is apparent even to the layman that the direct lines would practically monopolize the business in the absence of special inducements to patronize the longer routes. It was with a view to making an equitable division of the traffic, abolishing the practice of stocking up ticket brokers and doing away with the system of commissions that the agreement was made, and if its provisions had been rigidly enforced, the strong lines would have hesitated a long time before taking action looking to the enforcement of the common fare plan."

Railroad Trainmen.

T. P. O'Shea, baggagemaster on the Cleveland and Cincinnati division of the Big Four, is one of the board of grand trustees of the Brotherhood of Railroad Trainmen, and has been in Peoria assisting in checking up the Grand Lodge office. He reports the order in the best condition it has ever been, with a membership of 35,000 and nearly $300,000 in its treasury. The order has paid nearly $5,000,000 in beneficiary claims to its members and their families since its organization. The first convention was held in Oneonta, N. Y., with an attendance of thirty-five officers and delegates. At the convention to be held in New Orleans in May, 1899, there will be over 600 delegates and the grand officers.

Vanderbilt's Pacific Terminal.

SAN FRANCISCO, April 11.—The Call says: "The Vanderbilts have secured into this city a western terminal to their lately bought transcontinental railway system. By a deal consummated in New York on the 5th of the present month they secured of Berhend Jost and his associates the rights of way and the franchises of the West Shore railway from San Francisco to Santa Cruz, via Colma and Pescador, and for some weeks past they have had practical control of the Monterey-Fresno line, from Monterey to Fresno, through the coast range via Walker Pass. From Fresno a connection with the road they are building from Salt Lake to Los Angles is simply a matter of laying ties and tracks. Between the terminus of the West Shore and Santa Cruz and the Monterey-Fresno line, there is a gap of forty-four miles extending around Monterey Bay which is covered by neither franchise nor right of way and the agent for the Vanderbilt's in this city, General Hart, anticipates no trouble in acquiring one of them. The contract with the West Shore people was signed in this city for the West Shore railroad company on March 25, by R. S. Thornton, the president, and by R. J. Willats, the secretary. Then it was forwarded to New York and signed by Freeman and James, agents for the Vanderbilts, on the 5th inst. General Hart, who holds the contract, cannot speak for a certainty, but says he is authoritatively informed that active work will be begun within the next sixty days."

Wreck at Colehour.

While a freight train on the Pennsylvania road was being switched from one main track to another at Clark's junction, near Colehour, at an early hour this morning, the rails spread, derailing the train and wrecking six empty cars. Both main tracks were completely blocked by the wrecked cars and passenger trains Nos. 5 and 15 and mail train No. 18 were delayed from one to three hours. The wrecked cars were soon removed, but the replacing of the rails took more time.

W. F. Marks, the Pittsburg machinist, is taking a lay off today to attend to some legal matters.

Henry Rebling, the Wabash boilermaker, who had been sick, returned to work this morning.

The employes in the Pittsburg machine shop today commenced their spring "house cleaning."

H. H. Danielson has taken a position as a helper in the Wabash boiler shop, as has also William Beattie.

J. W. McCoy, foreman of the erecting gang in the Wabash machine shop, was reported sick this morning.

J. H. Franke, who had his arm scalded Saturday afternoon, resumed his duties in the Pittsburg machine shop today.

Henry Dreyer and David Roche, of the Pittsburg blacksmith shop, who had been off duty, returned to work this morning.

Ben Kirby, a machinist's helper, has resigned his position in the Wabash shops and will return to Muncie, his former home.

Howard J. Hurley, of the Pittsburg machine shops, today resumed work after several weeks absence on account of an injured hand.

Machinist Ferd Noll and J. Nichter, a helper, both of the Wabash shops, were off duty today to attend the funeral of Mrs. Gruber.

Charles Green and William Gristmeyer, construction men for the Fort Wayne Electric corporation, are in off the road for a few days.

Mr. and Mrs. Judson Trowbridge, of Fayette, Ohio, are the guests of their daughter, Mrs. C. F. Tracy, the wife of the Nickel Plate cashier.

C. F. W. Meyers, of the Pittsburg planing mills, who had been off duty about a week nursing an injured hand, resumed work this morning.

George T. Ladd, traveling agent of the Bass Foundry and Machine company, has gone to Pittsburg, where he will bid on several large contracts.

The Pennsylvania and the Columbus and Hocking Valley will jointly erect a union station at Lancaster, Ohio, and make other improvements at that point.

W. H. Fetter, of the machine shop, is visiting relatives at Indianapolis, which was his home before he became connected with the Bass works here.

Frank J. Ruch, steam pipefitter, who had been off duty three or four days on account of sickness resumed his position in the Pittsburg copper shop this morning.

William Horstmeyer, a helper in the Wabash boiler shop, has resigned and will probably go to Port Huron, Mich., to work for the Grand Trunk road.

Mrs. Rachael Kreighbaum, who has been visiting Mrs. W. S. Wells, the wife of the well-known Pittsburg machinists, at 58 Park avenue, will leave Saturday for her home at Kansas City.

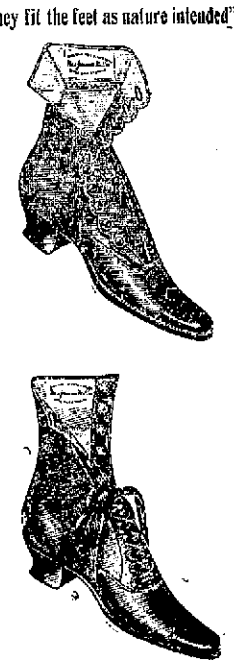

Dietrich Kammeyer, who had charge of the yard laborers in the Wabash yards at this point, has gone to Port Huron, Mich., where he will assume a similar position with the Grand Trunk road.

Robert Ferguson, the oil furnace man, has returned from Grand Rapids, where he installed an oil furnace, for welding flues, in the shops of the Grand Rapids road. Mr. Ferguson's headquarters are at St. Paul, Minn.

Louis Schoonover, the Nickel Plate brakeman, has been absent for several days, and his railroad friends had begun to worry about him, but their fears have been dispelled by the news that he is the proud papa of a young daughter who arrived Saturday to brighten his home.

Engineer Tim E. Short, of the Nickel Plate, has reported for duty after a brief vacation spent in hunting in the Kankakee marshes. Along with a number of ducks, Mr. Short brought back with him two young gray wolves, which he will try to raise, and he is now feeding them with a nursing bottle.

The Cancer Microbe.

NEW YORK, April 11.—A dispatch from Paris says that Dr. Bra, discoverer of the cancer microbe, in an interview confirms the statement that he has succeeded in isolating the parasite which is invariably present in cancerous growths. It is a fungoid of the ascomycetes family and certainly the active agent of cancer. Dr. Bra declines to hold out premature hopes for a curative treatment for cancer.

SUCCESS.

"It lies through two swing doors, swung, too;
The attendance is always full.
Some get there by the door marked 'push'
And some by the one labeled 'pull.'"

We're "pushing" our GO-CARTS and BABY CABS to the front. Pushing the same line on which we had such a big success last season.

"WAKEFILD CABS."

$6.75.

The name itself is guarantee of the highest quality. Cut shows one of the handsomest Go Carts in the entire line. Reed body, cane seat, rubber tire wheels. Notice the heavy closed reed work all around.

A distinct characteristic of all Wakefield Go-Carts and Baby Cabs.

You have possibly found pretty cabs of other makes, but generally they have open work on the sides. Beauty at the expense of substantiability. Is this not a fact? Notice them.

Price of this Fine Co-Cart is only - - - - **$6.75**

We have them also as low as $2.75.
